## **Missouri Department of Agriculture Department Overview**

The Missouri Department of Agriculture (MDA) provides leadership for Missouri's agricultural community through programs that build economic opportunity. Our mission is to be the leading state agency in the marketing of all food and agricultural products. This continues to complement our regulatory functions. We value agricultural innovation and success. Through agricultural business development and market information, we maximize the return on today's agricultural products while implementing strategies to generate opportunities for the future. Concurrently, through animal and plant health, grain storage auditing and inspection, weights and measures testing, and milk inspections, MDA provides the framework for food safety and helps ensure the integrity of the marketplace. MDA also builds partnerships with industry, universities, and all levels of government to ensure that producers and agribusinesses have the tools necessary to reach their full potential.

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 35110C  <b>BUDGET UNIT NAME:</b> Director's Office	<b>DEPARTMENT:</b> Agriculture  <b>DIVISION:</b> Director's Office
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>	
<b>DEPARTMENT REQUEST</b>	
We are requesting flexibility in the Director's Office General Revenue (GR), Federal Funds, and Other Funds Personal Service and/or Expense and Equipment appropriations, provided that not more than twenty-five percent (25%) is flexed between personal service and expense and equipment in GR appropriations. This flexibility is needed to maximize the efficiency of available financial resources and to meet the department's statutory responsibilities.	
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>	
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
None	The Director's Office believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation, and up to 100% of its Federal Funds and Other Funds Personal Services and/or Expense and Equipment appropriation.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>	
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>
Not applicable	The requested flexibility will most likely be used for essential Expense and Equipment expenditures (e.g. maintenance, repair, or replacement of equipment; supply purchases; etc.) that would impair the department's operation if not made.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Director's Office

**Program is found in the following core budget(s):** Director's Office

### 1. What does this program do?

The mission of the Missouri Department of Agriculture (MDA) is to be the leading state agency in the marketing of food and agricultural products. To realize the mission, the Director of Agriculture assigns duties among departmental units, obtains financial and personnel resources to discharge departmental responsibilities, and monitors departmental performance. This core request provides financial resources for the following administrative functions:

#### Financial Services

Financial services are provided through the coordinated efforts of budget and planning, the fiscal office, and grants management. Budget and Planning is responsible for the development and coordination of the department's strategic plan and annual operating budget. The office also administers the ethanol and biodiesel producer incentive funds, including the development of state regulations that guide the program. In addition, Budget and Planning coordinates the development of fiscal notes on legislation being considered by the Missouri General Assembly.

The Fiscal Office provides purchasing, payroll, accounting, and internal audit services for each division as well as the State Fair and the State Milk Board. Specific tasks performed include: processing purchases and vendor payments; preparing payroll; compiling statistical information; and assisting in the preparation of the annual budget request. The fiscal office is also responsible for inventory control, leased and state-owned office space, vehicle management, and mail services for the department.

Grants Management seeks and identifies additional funding opportunities that will leverage current state funding and improve the effectiveness of department activities. Responsibilities include grant writing, proposal development, compliance monitoring, technical review, staff training, a range of accounting and administrative services, and serving as a direct liaison with federal government sources.

#### Human Resources

Human Resources assists in recruiting, selecting, placing and training employees. Other responsibilities include management of employee fringe benefit programs such as group life and medical insurance, workers' compensation, retirement and leave; maintenance of employee personnel records; and administration of the employee performance appraisal program.

#### Public Information

Public Information is responsible for coordinating all media and public relations activities for the department's five divisions. The main duties of the program's staff include writing news releases, soliciting news coverage of special events, handling media inquiries, planning and coordinating news conferences and briefings, reviewing and editing printed materials, developing information brochures, marketing special events, serving as a liaison to the governor's office and acting as an aide to the director. The public information office is involved in most of the department's events, and a majority of the workload is associated with those activities.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 261 RSMo.

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Director's Office

Program is found in the following core budget(s): Director's Office

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

\* Note that FY07 expenditures include one-time federal grant funding for Livestock Assistance Grants.

6. What are the sources of the "Other " funds?

Not applicable.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Director's Office

**Program is found in the following core budget(s):** Director's Office

**7a. Provide an effectiveness measure.**

See division measures for effectiveness.

## 2. CORE DESCRIPTION

MDA employees are expected to provide timely, high-quality services to clients at locations throughout the state. Staff are also expected to travel via the lowest cost mode of transportation. Studies have shown that state owned vehicles are the most efficient and effective means of travel for state employees.

## 3. PROGRAM LISTING (list programs included in this core funding)

Not applicable.

# CORE DECISION ITEM

**Department:** Agriculture  
**Division:** Director's Office  
**Core:** Vehicle Replacements

**Budget Unit** 35150C

## 4. FINANCIAL HISTORY

**2. THIS REQUEST CAN BE CATEGORIZED AS:**

<input type="checkbox"/> New Legislation	<input type="checkbox"/> New Program	<input type="checkbox"/> Fund Shift
<input type="checkbox"/> Federal Mandate	<input type="checkbox"/> Program Expansion	<input type="checkbox"/> Cost to Continue
<input type="checkbox"/> GR Pick-Up	<input type="checkbox"/> Space Request	<input checked="" type="checkbox"/> Equipment Replacement
<input type="checkbox"/> Pay Plan	<input type="checkbox"/> Other:	

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

This request will replace 18 high-mileage and or high-cost vehicles that are no longer adequate for program operations. As of June 30, 2009, 100 of the department's 261 vehicles (38 percent) exceeded 100,000 miles. For FY 2011, the department is not requesting any GR funding. All vehicle replacement funding is for light duty vehicles (i.e. less than 8,500 pounds Gross Vehicle Weight) in federal or fee funded programs.

## 2. CORE DESCRIPTION

The Veterinary Student Loan program was established by SB 320 (2007) to address the statewide shortage of large animal veterinarians. The legislation allows six (6) students to receive loans of \$20,000 per year for up to four (4) years of veterinary school. Upon graduation, participants are forgiven \$20,000 for each year of service in a designated area of need. Current funding can provide loans for six (6) students for one (1) year of education, and recipients are required to repay with only one (1) year of veterinary service. However, one year of service may not be long enough for the veterinarian to develop relationships with clientele and the community that would lead to a commitment to the area of need for the duration of their career.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Veterinary Student Loans

**Program is found in the following core budget(s):** Veterinary Student Loans

**1. What does this program do?**

The Veterinary Student Loan program was established by SB 320 (2007) to address the statewide shortage of large animal veterinarians. The legislation allows six (6) students to receive loans of \$20,000 per year for up to four (4) years of veterinary school. Upon graduation, participants are forgiven \$20,000 for each year of service in a designated area of need. Current funding can provide loans for six (6) students for one (1) year of education, and recipients are required to repay with only one (1) year of veterinary service. However, one year of service may not be long enough for the veterinarian to develop relationships with clientele and the community that would lead to a commitment to the area of need for the duration of their career.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The state statute is Section 340.337 - 340.350 RSMo.

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Not applicable.

Other Funds: Mo Qualified Fuel Ethanol Production (571)

## 2. CORE DESCRIPTION

The Department of Agriculture is charged with administering the "Missouri qualified Fuel Ethanol Producer Incentive Fund" authorized in Section 142.028 RSMo. Under current statutes, a qualified ethanol producer is eligible for a total grant in any calendar year equal to 20 cents per gallon for the first 12.5 million gallons of qualified fuel ethanol produced plus five cents per gallon for the next 12.5 million gallons of qualified ethanol produced from Missouri agricultural products in the fiscal year. A Missouri qualified ethanol producer is eligible to receive grants for a total of 60 months.

There are currently four ethanol plants that are receiving producer incentives. They are located in Malta Bend, Laddonia, St. Joseph and Carrollton. However, only three of these plants are expected to receive producer incentives during FY 2011 and HB 22 appropriations will be used to make the payments.

**Department:** Agriculture

**Program Name:** Ethanol Incentives

**Program is found in the following core budget(s):** Ethanol Incentives

**1. What does this program do?**

The Department of Agriculture is charged with administering the Missouri Qualified Fuel Ethanol Producer Incentive Fund authorized in Section 142.028 RSMo. Under current statutes, a qualified ethanol producer is eligible for a total grant in any calendar year equal to 20 cents per gallon for the first 12.5 million gallons of qualified fuel ethanol produced plus five cents per gallon for the next 12.5 million gallons of qualified ethanol produced from Missouri agricultural products in the fiscal year. A Missouri qualified ethanol producer is eligible to receive grants for a total of 60 months.

There are currently four ethanol plants that are receiving producer incentives. They are located in Malta Bend, Laddonia, St. Joseph and Carrollton. However, only three of these plants are expected to receive producer incentives during FY 2011.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The state statute is Section 142.028 RSMo.

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Petroleum Violation Escrow Fund

Other Funds: Mo Qualified Biodiesel Producer Incentive (777)

### 2. CORE DESCRIPTION

The Department of Agriculture is charged with administering the "Missouri Qualified Biodiesel Producer Incentive Fund" authorized in Section 142.031 RSMo. Under current statutes, a qualified biodiesel producer is eligible for a total grant in any fiscal year equal to 30 cents per gallon for the first 15 million gallons of qualified fuel ethanol produced plus ten cents per gallon for the next 15 million gallons of qualified biodiesel produced in the fiscal year. A Missouri qualified biodiesel producer is eligible to receive grants for a total of 60 months.

There are thirteen (13) biodiesel plants currently eligible to receive producer incentives. These plants are located in Bunceton, Carrollton, Deerfield, Dexter, Hayti, High Hill, Kansas City, Lilbourn, Mexico, Moberly, and three plants in St. Joseph. However, several of these plants are not currently in operation and this request assumes four of these plants will not receive any producer incentives in FY11. In addition, because this item was funded with Federal Budget Stabilization Funds in FY10, there is no core FY11 request. Instead, FY11 funding is requested in a New Decision Item.

## 2. CORE DESCRIPTION

The Agriculture Business Development Division (ABDD) helps to increase the profitability of Missouri's farmers and agribusinesses by increasing international and domestic sales of agricultural products that are grown, raised or processed in Missouri. Our vision is to be a leader in agriculture business development and a valued partner to Missouri's farmers, agribusinesses, farm organizations and public sector organizations. Our mission is to provide business development services, including international and domestic marketing assistance, targeted business counseling, industry facilitation, product promotion and financial programs.

The Market Information & Outreach program provides unbiased and timely commodity pricing information for livestock, grain and timber. The program also works to educate producers about opportunities to improve the overall quality of livestock in Missouri. The program also provides programs and services that support the development of, and create opportunities for, Missouri's agricultural based youth. We encourage young men and women to pursue education and careers in the agriculture industry through programs such as the Missouri Agribusiness Academy. The program promotes agriculture and MDA services to urban, rural, farm and non-farm audiences as a means of educating and informing the public, and actively works to enhance the awareness and image of agriculture.

We also have a portfolio of two branded programs to increase consumer awareness and sales of products grown, raised and processed in Missouri: **AgriMissouri** and the **Grow Native!** branded program.

To help facilitate global sales of Missouri agricultural products, we have an office in Taiwan. Additionally, we partner with Missouri Department of Economic Development and trade organizations for in-country representation in other regions of the world.

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER: 35310C</b>  <b>BUDGET UNIT NAME: Agriculture Business Development</b>	<b>DEPARTMENT: Agriculture</b>  <b>DIVISION: Agriculture Business Development</b>
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>	
<b>DEPARTMENT REQUEST</b>	
We are requesting flexibility in the Agriculture Business Development General Revenue (GR) Personal Service and/or Expense and Equipment appropriation, provided that not more than twenty-five percent (25%) flexibility is allowed between each of these appropriations. This flexibility is needed to maximize the efficiency of available financial resources and to meet the department's statutory responsibilities.	
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>	
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
None	The Agriculture Business Development division believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>	
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>
Not applicable	The requested flexibility will most likely be used for essential Expense and Equipment expenditures (e.g. maintenance, repair, or replacement of equipment; supply purchases; etc.) that would impair the department's operation if not made.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Business Services and Trade Program**

**Program is found in the following core budget(s): Agriculture Business Development**

### 1. What does this program do?

The Agriculture Business Development Division (ABDD) helps to increase the profitability of Missouri's farmers and agribusinesses by increasing international and domestic sales of agricultural products that are grown, raised or processed in Missouri. Our vision is to be a leader in agriculture business development and a valued partner to Missouri's farmers, agribusinesses, farm organizations and public sector organizations. Our mission is to provide business development services, including international and domestic marketing assistance, targeted business counseling, product promotion and financial programs.

The Ag Business Development Division provides specific services, including business counseling, domestic marketing assistance, international marketing assistance, and product promotion. We also have a portfolio of two branded programs and two brand initiatives to increase consumer awareness and sales of products grown, raised and processed in Missouri: AgriMissouri (program funding and review included on separate forms), Grow Native! branded program and the Blue Ribbon Kennel initiative.

To help facilitate global sales of Missouri agricultural products, we have an office in Taiwan and access to the Missouri Department of Economic Development's international offices in China, Japan, Korea, Mexico and the United Kingdom. We pool financial and human resources through our membership in the twelve-state USDA Cooperator Group, "Food Export Association of the Midwest" and the national Cooperator Groups, "U.S. Livestock Genetics Export, Inc., "American Hardwood Export Council" and the "American Softwood Export Council". Our memberships in these organizations provides funding for to bring international buyers to Missouri, market research, and access to partial reimbursements for export promotion expenditures.

Our primary strategies include:

- a. Increase consumer awareness of products grown, raised and processed in Missouri.
- b. Link Missouri farmers and agribusinesses with international and domestic buyers.
- c. Provide targeted marketing assistance to Missouri companies to increase their profitability.
- d. Initiate and cooperate with the Department of Economic Development's to increase agribusiness expansion and attraction.
- e. Develop and promote brands for Missouri's high-quality agricultural products.

### 2. What is the authorization for this program, i.e. federal or state statute, etc.?

Sections 261.030, 261.035, 261.230, 261.095, 261.235, 261.239, 348.410, 348.438

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Business Services and Trade Program

**Program is found in the following core budget(s):** Agriculture Business Development

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Aquaculture Marketing Development (0573), Agriculture Development (0904), Marketing Development (0683), Institution Gift Trust (0925)

7a. Provide an effectiveness measure.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Business Services and Trade Program**

**Program is found in the following core budget(s): Agriculture Business Development**

### 7a. Provide an effectiveness measure (continued).

**Certificate of Free Sale Export Values**  
Million Dollars

**Certificates of Free Sale Provided to Missouri Exporters**

**Sales to Vietnam Facilitated**  
Thousand Dollars

**Sales to China Facilitated**  
Thousand Dollars

## PROGRAM DESCRIPTION

**Department:** Agriculture

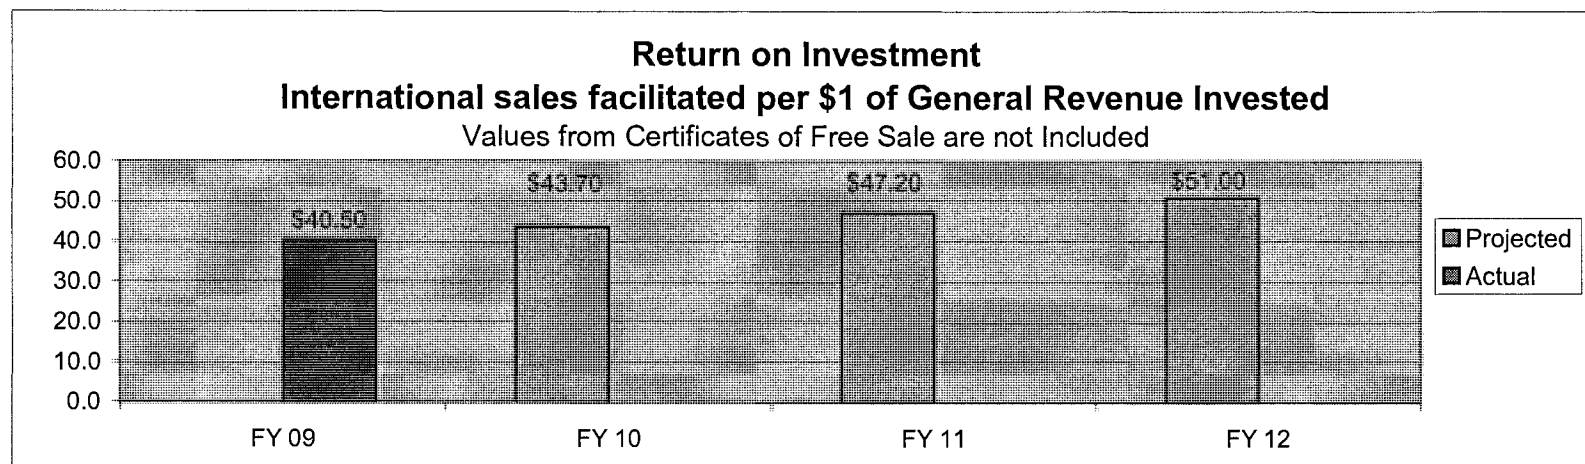

**Program Name:** Business Services and Trade Program

**Program is found in the following core budget(s):** Agriculture Business Development

**7b. Provide an efficiency measure**

**7c. Provide the number of clients/individuals served, if applicable.**

Not Applicable

**7d. Provide a customer satisfaction measure, if available.**

Not Available

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Market News Program**

**Program is found in the following core budget(s): Division of Ag Business Development**

**1. What does this program do?**

The Market News Program compiles daily market information on price, quantity and quality of livestock, grain and timber being sold in Missouri. This unbiased market news information is made available to the public both daily and weekly. Full and part-time market news reporters are employed throughout the state reporting markets from 22 livestock auctions, the interior hog market, direct slaughter cattle and the Missouri cash grain market. Market news information is disseminated to the public daily through the Internet, media (including radio, newspaper and television), a market news hotline, and the Weekly Market Summary which is available for an annual subscription fee of \$25. The Chicago Mercantile Exchange uses our market news information to establish the national daily weighed average feeder cattle price. This information, in turn, is used as a base for feeder cattle futures contract settlements. Market reporters also apply USDA grading standards on livestock to add market value and encourage the production of uniform, high quality animals.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

RSMo 261.030 states the director "may collect and disseminate by telegraph, mail or otherwise, timely information useful to producers, distributors and consumers concerning the weather, the supply, demand, prevailing prices, market conditions and commercial movements of farm products."

**3. Are there federal matching requirements? If yes, please explain.**

The Missouri Department of Agriculture works with the United States Department of Agriculture through a cooperative agreement to provide market news for grain and livestock. A \$10,000 federal grant is received annually for the market news program. The Market News Program also participates in various federal grants for specific projects that do require federal matching requirements.

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Market News Program**

**Program is found in the following core budget(s): Division of Ag Business Development**

**6. What are the sources of the "Other " funds?**

Not applicable.

**7a. Provide an effectiveness measure.**

Market News information collected and disseminated by the program allows the industry to make informed marketing decisions about buying and selling

	FY 2007	FY 2008	FY 2009	FY 2010	FY 2011	FY 2011
	Actual	Actual	Actual	Projected	Projected	Projected
Number of Livestock Receipts reported by USDA-MDA Market Reporters	1.89 million	1.87 million	2.56 million	2.6 million	2.6 million	2.6 million
Number of USDA/MDA market news reports disseminated to newspapers, television, radio and wire services	22,285	22,285	22,350	23,400	23,450	23,500

**7b. Provide an efficiency measure.**

Applications and registration forms, and two publications were converted to electronic versions available only on the Internet.

In FY 2004, the Weekly Market Summary was made available on the Internet free of charge.

We anticipate the number of subscribers to the printed version of the summary will continue to decline. Also in FY 2004, the Market News Hotline was changed from toll-free to direct.

**Market News Hotline Calls**

**Weekly Market Summary**

<input type="checkbox"/> GR Pick-Up	<input type="checkbox"/> Space Request	<input type="checkbox"/> Equipment Replacement
<input type="checkbox"/> Pay Plan	<input type="checkbox"/> Other: _____	

### 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Consumers demand quality and assume "freshness" means safety and security. The move to buying more local, healthy foods means consumers are searching for opportunities to buy direct from farmers, shop at establishments that distribute local farm products, and dine at restaurants serving fresh, healthy products. This request establishes a Certified Missouri Local Foods Program that will operate in conjunction with AgriMissouri to certify that products are either Missouri Grown or Missouri Made and are produced using safe and healthy handling practices.

The consumer demand for fresh, local farm products is high across Missouri. In fact, the number of farmers' markets has grown significantly over the last several years, increasing from 53 markets in 1997 to more than 165 Missouri markets in 2009. However, consumers have no way of ensuring the products they purchase at farmers' markets are produced in Missouri or utilize safe and healthy handling practices. The Local Foods initiative will help ensure consumers are getting what they are paying for -- fresh, locally grown foods that are produced using safe and healthy practices.

<b>Agriculture</b> <b>Ag Business Development</b> <b>Local Foods</b>	Budget Unit <u>35310C</u>									
<b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b>										
<p>In order to meet the increased consumer demand for local Missouri foods (farmers' markets, specialty crops, livestock, dairy and agritourism) ABD is requesting one Marketing Specialist and one Public Information Coordinator to support farmers that sell produce through direct marketing or at any Missouri farmers' market. In addition, the request provides \$150,000 for contract certifications to ensure consumers shopping at farmers' markets are purchasing local Missouri products, \$150,000 for urban community garden demonstration projects, \$150,000 for local foods/farmers' market grant initiatives, and \$48,400 for youth and training initiatives. <b>Total Ag Business Development Request = \$601,747 (2.03 FTE)</b></p> <p>The request also provides the Plant Industries Division with two inspectors to ensure that local food program participants are utilizing Good Agriculture Practices (GAP) and Good Handling Practices (GHP) necessary for food safety and growth in local food networks. Increasingly, buyers of Missouri produce are requiring GAP and GHP certification from Missouri producers (e.g. Sysco Corporation). The inspectors will implement the GAP and GHP program statewide in conjunction with the current feed and seed inspection program. <b>Total Plant Industries Request = \$118,902 (2.00 FTE)</b></p>

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

Capture the added value from Missouri grown and raised products and provide niche marketing businesses the opportunity to expand their market through the Missouri Local Foods Program. Educate Missourians on the Certified Farmers' Market Program through promotional materials and partnership with the Missouri Farmers' Market Association on the quality and value placed on local Missouri grown products and the importance of the specialty crop industry to the state's economy. Provide Missouri consumers with the opportunity to purchase fresh produce which has been certified as being grown and harvested using food safety practices. Provide Missouri farmers the opportunity to reach expanding markets with their fresh produce being certified under food safe agricultural and handling practices.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Missouri's agricultural exports to China increased from \$24 million in 2005 to \$78 million in 2008. The Missouri Department of Agriculture (MDA) and the Missouri Department of Economic Development (DED) have signed an MOU to cooperate fully on market activities in China and other international offices. The MOU also encourages DED and Missouri's manufacturing companies to utilize the Taiwan office funded through MDA. DED and MDA are coordinating international trade shows and activities that will best serve Missouri firms. Missouri's China trade office only has one full-time person to represent all the Missouri agricultural and non-agricultural companies.

Agriculture	Budget Unit _____

International Marketing	

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

This request is based on our experiences in China in FY09. From that experience, we determined costs to hire a person, house that person, and provide a modest in-country travel budget and one annual trip to Missouri. The FY09 budget included \$89,000 for the China office but these funds were not included in the final FY10 budget.

**5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.**

2. CORE DESCRIPTION
<p>This program, established in 1985, increases consumer awareness of products that are grown, raised and processed in Missouri in order to help Missouri farmers and agribusinesses increase sales of their products. The program markets products through a variety of marketing channels, including retail, wholesale, foodservice, restaurants, institutions and direct-to-consumer marketing. The program also promotes agritourism and farmers' markets. We have 300 members in 2009. The program shifted to a paid membership structure in 2004 in order to provide a steady income stream into the program (as per Section 261.235) and allow for easier tracking of program participants from year to year. The program, through the assistance of the Citizens Advisory Commission for the Marketing of Missouri Agricultural Products, has developed an aggressive marketing plan to increase consumer awareness of Missouri products and increase sales of Missouri products through a variety of marketing channels. Through our partnerships with retailers in promoting Missouri products in stores we have been able to increase sales of Missouri products. The program website, <a href="http://www.agrimissouri.com">www.agrimissouri.com</a>, was launched November 2004 to promote Missouri products and help link buyers and sellers. The website, <a href="http://www.agrimissouri.com">www.agrimissouri.com</a>, receives an average of over 90,000 hits per month and the Buyer's Guide portion of the website averages over 2000 hits per month.</p>

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 35315C  <b>BUDGET UNIT NAME:</b> Agri Missouri Program	<b>DEPARTMENT:</b> Agriculture  <b>DIVISION:</b> Agri Missouri Program
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>	
<b>DEPARTMENT REQUEST</b>	
We are requesting flexibility in the Agri Missouri Program's General Revenue (GR) Personal Service and/or Expense and Equipment appropriation, provided that not more than twenty-five percent (25%) flexibility is allowed between each of these appropriations. This flexibility is needed to maximize the efficiency of available financial resources and to meet the department's statutory responsibilities.	
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>	
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
None	The Agri Missouri Program believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>	
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>
Not applicable	The requested flexibility will most likely be used for essential Expense and Equipment expenditures (e.g. maintenance, repair, or replacement of equipment; supply purchases; etc.) that would impair the department's operation if not made.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** AgriMissouri

**Program is found in the following core budget's):** AgriMissouri

### 1. What does this program do?

This program, established in 1985, increases consumer awareness of products that are grown, raised and processed in Missouri in order to help Missouri farmers and agribusinesses increase sales of their products. The program markets products through a variety of marketing channels, including retail, wholesale, foodservice, restaurants, institutions and direct-to-consumer marketing. The program also promotes agritourism and farmers' markets. We have 300 members in 2009. The program shifted to a paid membership structure in 2004 in order to provide a steady income stream into the program (as per Section 261.235) and allow for easier tracking of program participants from year to year.

The program, through the assistance of the Citizens Advisory Commission for the Marketing of Missouri Agricultural Products, has developed an aggressive marketing plan to increase consumer awareness of Missouri products and increase sales of Missouri products through a variety of marketing channels. Through our partnerships with retailers, Missouri's travel industry, & the Missouri Farmer's Market Association in promoting Missouri products we have been able to increase sales of Missouri products.

The program website, [www.agrimissouri.com](http://www.agrimissouri.com), was launched November 2004 to promote Missouri products and help link buyers and sellers. The website receives an average of more than 90,000 hits per month and the Buyer's Guide portion of the website averages more than 2000 hits per month.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 261.030, 261.035, 261.230, 261.235, 348.410

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: AgriMissouri

Program is found in the following core budget's): AgriMissouri

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Marketing Development (0683)

7a. Provide an effectiveness measure.

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: AgriMissouri

Program is found in the following core budget's): AgriMissouri

7b. Provide an efficiency measure.

**Number of AgriMissouri members participating  
in AgriMissouri Promotional Activities**

**Sales Due to AgriMissouri Promotional Activities**  
(Approximate amounts due to trade shows & retail marketing programs)

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: AgriMissouri

Program is found in the following core budget's): AgriMissouri

7c. Provide the number of clients/individuals served, if applicable.

7d. Provide a customer satisfaction measure, if available.

## 2. CORE DESCRIPTION

The Missouri Wine and Grape Board was created by the Missouri General Assembly in 2004 as an independent political and corporate body of the State of Missouri (Missouri statute 262.820). Prior to this date, the Board existed in an advisory form, with members appointed by the Director of Agriculture in the early 1980's. The purpose of the Board is to further the growth and economic development of the grape growing industry in the State of Missouri.

Moneys deposited into the Wine and Grape fund are to be expended for agricultural marketing development purposes. RSMo 311 states "...there shall be paid to and collected by the director of revenue for the privilege of selling wine, an additional charge of twelve cents per gallon or fraction thereof...The revenue derived from the additional charge imposed shall be deposited by the State Treasurer to the credit of a the Missouri Wine & Grape fund (RSMo 261.035). Monies credited to the fund develop programs for growing, selling, and marketing grapes and grape products grown in Missouri, including all necessary funding for employment of experts in the fields of viticulture and enology as deemed necessary, and programs aimed at improving marketing of all varieties of grapes grown in Missouri; and shall be appropriated and used for no other purpose." The Board is funded by the collection at the rate of 12 cents per gallon. The additional six cents must be used in funding research and advisement of grapes and grape products.

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Wine and Grape Board

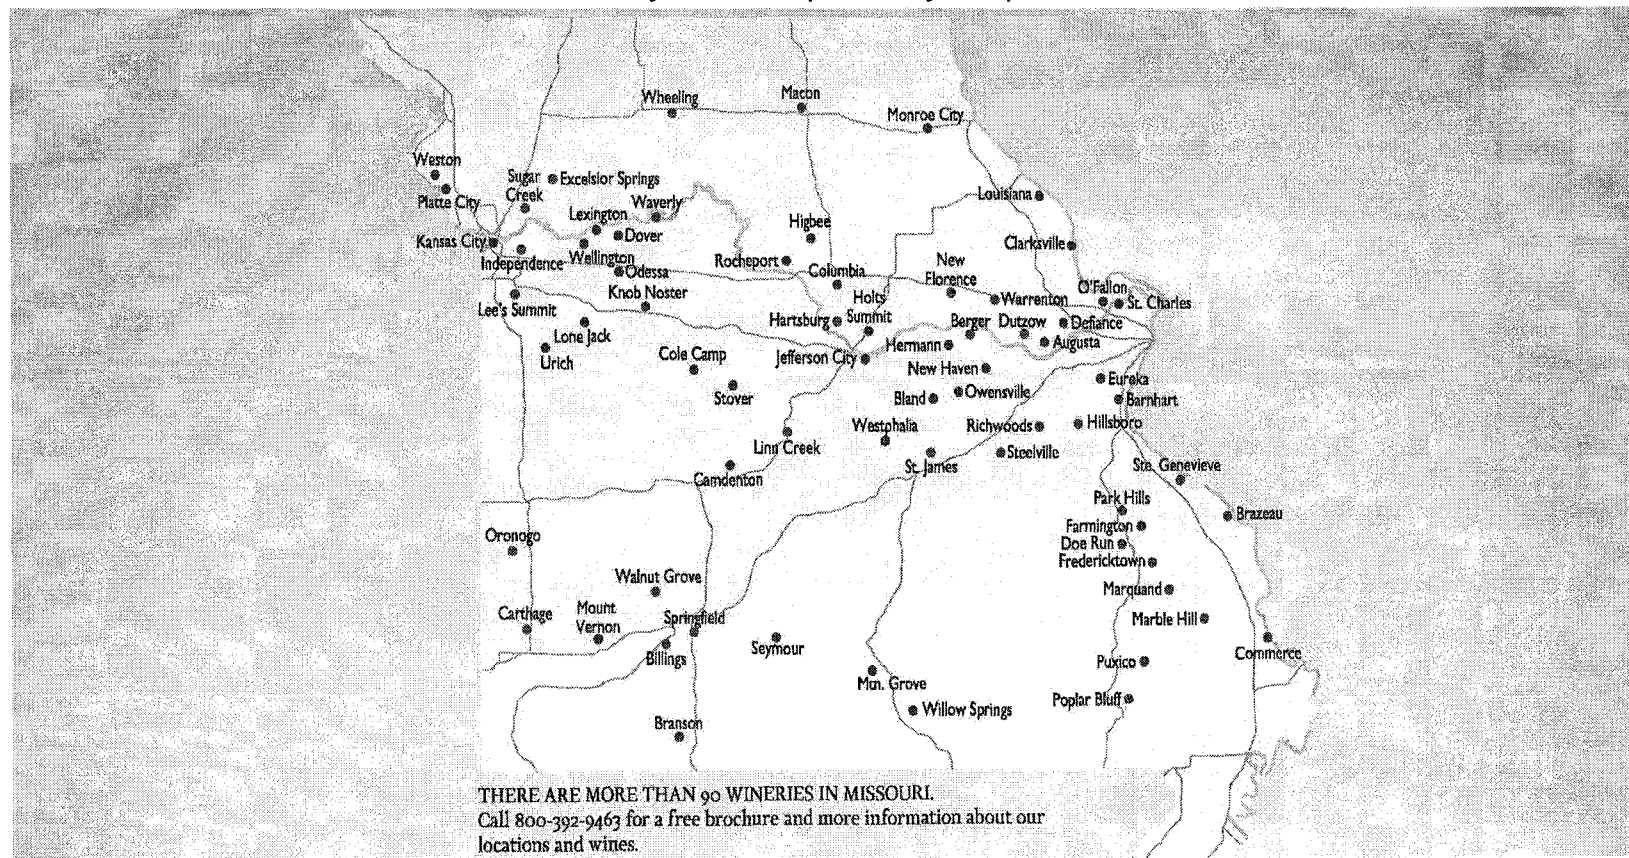

Program is found in the following core budget's: Wine and Grape Board

### 1. What does this program do?

The Wine and Grape Board stimulates growth of the grape and wine industry for the economic and social benefit of the citizens of Missouri. The number of wineries in the state has grown from 52 in 2004 to 92 in 2009 -- a 77% increase in just five years. Wine, grape, and related industries produced an estimated 6,186 jobs and \$701 million of total economic value to the state in 2007 (MFK Research, 2007).

The Wine and Grape Board funds a Viticulture and Enology Advisory program. The Institute for Continental Climate Viticulture and Enology (ICCVE) is headquartered at the University of Missouri, Columbia. Grape and wine research is conducted by staff at this facility. Marketing and public relations activities are coordinated by three full-time staff in the Jefferson City office.

Winery Locations (As of July 2009)

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Wine and Grape Board**

**Program is found in the following core budget's: Wine and Grape Board**

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State Statute - Privilege of Selling Wine, Additional Revenue Charge--Purpose--Limitation on Use of Revenue (RSMo 311.554) authorizes the director of revenue to collect an additional charge of twelve cents per gallon of wine sold in Missouri. These funds are to be used to develop programs for growing, selling, and marketing of grapes and grape products grown in Missouri, including all necessary funding for employment of experts in the fields of viticulture and enology as deemed necessary, and for programs aimed at improving marketing of all varieties of grapes grown in Missouri.

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

SB 355 (2005) created the Wine and Grape Board and the Wine and Grape Fund. Section 262.850 states "the board may employ technical experts and such other officers, agents and employees as they deem necessary, and may fix their qualifications, duties and compensation." In addition, wine and grape revenues currently deposited into the Marketing Development Fund will be credited to the Missouri Wine and Grape fund beginning July 1, 2006. This request includes funding to meet the Board's personal services needs and to begin transferring program funding from the Market Development fund to the Missouri Wine and Grape fund.

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Wine and Grape Board

Program is found in the following core budget's: Wine and Grape Board

7a. Provide an effectiveness measure.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Wine and Grape Board

**Program is found in the following core budget's:** Wine and Grape Board

**7b. Provide an efficiency measure.**

Administrative Costs per Gallon of Missouri Wine Sold (Cents/Gallon)

**7c. Provide the number of clients/individuals served, if applicable.**

2.0 Million clients served at Missouri wineries in CY 2006.

**7d. Provide a customer satisfaction measure, if available.**

### 2. CORE DESCRIPTION

The Missouri Agricultural and Small Business Development Authority (MASBDA) was created by the Missouri General Assembly in 1981 as an independent political and corporate body of the state of Missouri (RSMo 348). MASBDA's purpose is to promote the development of agriculture and small business and to reduce, control, and prevent environmental damage in Missouri by providing additional sources of financing at interest rates that are below conventional rates. The authority accomplishes this by issuing agricultural development bonds, tax-exempt small issue bonds, guarantees on loans to livestock producers, direct loans for animal waste treatment systems. Additionally, the authority administers a grant program, tax credit programs, and loan guarantees related to new generation cooperatives and value-added agricultural projects. MASBDA provides fiscal management of a rural development finance program, the Agriculture Development Fund (ADF). MASBDA also administers two of the programs funded through ADF -- the Crop and Livestock Loan Guaranty Program and the Alternative Loan Program.

### 3. PROGRAM LISTING (list programs included in this core funding)

Agricultural Product Utilization Contributor Tax Credit Program	Livestock Feed and Crop Input Loan Guarantee Program (unfunded)
Animal Waste Treatment System Loan Program	Missouri Rural Economic Stimulus Act (MoRESA)
Beginning Farmer Loan Program	Missouri Value-Added Grant Program
Dairy Business Planning Grant Program (unfunded)	Missouri Value-Added Loan Guarantee Program
Dairy Cow Loan Program (unfunded)	New Generation Cooperative Incentive Tax Credit Program
Eligible Facility Borrower	Qualified Beef Tax Credits Program
Family Farm Breeding Livestock Loan Program	Single-Purpose Animal Facilities Loan Guarantee Program

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Agricultural Product Utilization Contributor Tax Credit Program

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Allows the Missouri Agricultural and Small Business Development Authority to grant tax credits in an amount up to 100% of a contribution from a person, partnership, corporation, trust, limited liability company or other donor. The contribution must be made to the authority to be used for financial or technical assistance to rural agricultural business concepts as approved by the authority. The tax credits are awarded on a competitive basis.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.430 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

### Program Expenditure History

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Agricultural Product Utilization Contributor Tax Credit Program

**Program is found in the following core budget(s):** MASBDA

**7a. Provide an effectiveness measure.**

**7b. Provide an efficiency measure.**

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Agricultural Product Utilization Contributor Tax Credit Program

**Program is found in the following core budget(s):** MASBDA

**7c. Provide the number of clients/individuals served, if applicable.**

**7d. Provide a customer satisfaction measure, if available.**

None available

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Animal Waste Treatment System Loan Program

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Provides financing to independent livestock and poultry producers for waste treatment systems at below conventional interest rates. Loan proceeds may generally be used for financing waste treatment facilities and equipment as identified in the United States Department of Agriculture, Natural Resource Conservation Service's conservation standards contained in the Field Office Technical Guide. Loans may be made for up to 10 years, but cannot exceed the expected useful life of the facility or equipment being financed. Loans cannot be made to borrowers whose poultry or livestock operations exceed 1,000 animal units per site.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Federal Water Quality Act of 1987, 33 U.S.C. Section 1381, and 348.220 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other" funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (409), and other non-state funds

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Animal Waste Treatment System Loan Program

Program is found in the following core budget(s): MASBDA

7a. Provide an effectiveness measure.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Animal Waste Treatment System Loan Program

**Program is found in the following core budget(s):** MASBDA

**7b. Provide an efficiency measure.**

**Cost per loan serviced**

**Cost per dollar loaned**

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Animal Waste Treatment System Loan Program**

**Program is found in the following core budget(s): MASBDA**

**7c. Provide the number of clients/individuals served, if applicable.**

**7d. Provide a customer satisfaction measure, if available.**

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Beginning Farmer Loan Program

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Provides assistance to beginning farmers in Missouri to acquire agricultural property at reduced interest rates. The program enables lenders to receive federally tax-exempt interest on loans made to beginning farmers. The tax savings are passed on to beginning farmers in the form of lower interest rates. A qualified borrower can borrow up to \$469,200 to purchase agricultural land, farm buildings, farm equipment and breeding livestock.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.070 RSMo, 348.080 RSMo, Internal Revenue Service - Section 108

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

## PROGRAM DESCRIPTION

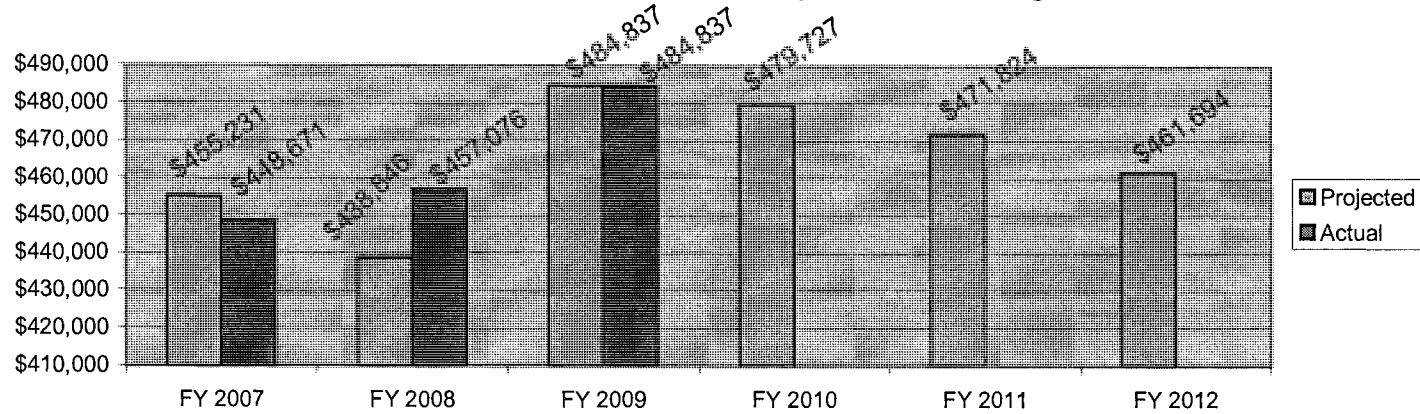

Department: Agriculture

Program Name: Beginning Farmer Loan Program

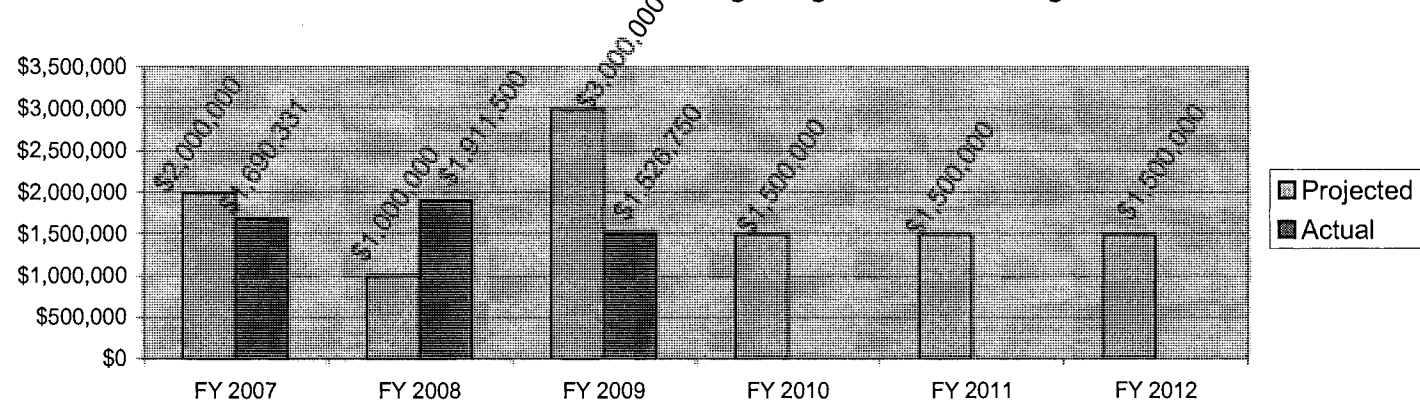

Program is found in the following core budget(s): MASBDA

7a. Provide an effectiveness measure.

**\$ Savings as a result of the Beginning Farmer Loan Program**

**\$ Investment as a result of the Beginning Farmer Loan Program**

## PROGRAM DESCRIPTION

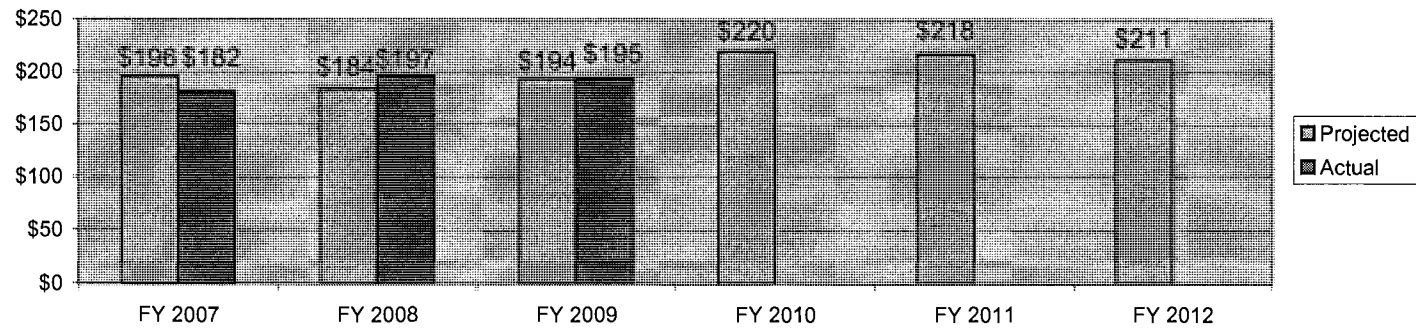

**Department:** Agriculture

**Program Name:** Beginning Farmer Loan Program

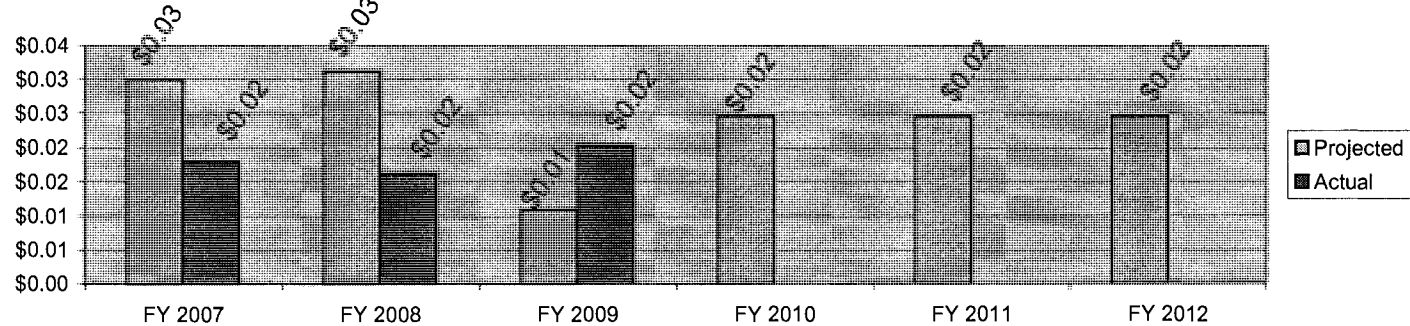

**Program is found in the following core budget(s):** MASBDA

**7b. Provide an efficiency measure.**

**Cost per loan serviced**

**Cost per dollar loaned**

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Beginning Farmer Loan Program

Program is found in the following core budget(s): MASBDA

7c. Provide the number of clients/individuals served, if applicable.

7d. Provide a customer satisfaction measure, if available.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Dairy Business Planning Grant

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

A single dairy cow has an economic impact of more than \$13,000 for the state of Missouri. From 1975 to 2000 dairy cow numbers have declined by 51%. The goal of the Dairy Business Planning Grant (DBPG) is to improve profitability, increase production, encourage and facilitate startup, modernization, and expansion of Missouri dairy farms. This program provides Missouri dairies an opportunity to expand by providing business planning grants to aid them in determining the feasibility of the planned expansion. The grants provide up to 90% of the cost of the business plan, and the maximum grant is \$5,000.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.235 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Dairy Business Planning Grant

Program is found in the following core budget(s): MASBDA

7a. Provide an effectiveness measure.

Percentage of grants awarded that result in dairy expansion in Missouri

Dollars invested in dairy industry growth resulting from grant feasibility studies

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Dairy Business Planning Grant

Program is found in the following core budget(s): MASBDA

7b. Provide an efficiency measure.

**Dollars invested in dairy expansion per dollar grant awarded**

**Cost per dollar invested**

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Dairy Business Planning Grant

Program is found in the following core budget(s): MASBDA

7c. Provide the number of clients/individuals served, if applicable.

7d. Provide a customer satisfaction measure, if available.

N/A

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Dairy Cow Loan Program

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

A single dairy cow has an economic impact of more than \$13,000 for the state of Missouri. From 1975 to 2000 dairy cow numbers have declined by 51%. The goal of the Dairy Cow Loan Program is to facilitate the expansion of Missouri dairy operations by paying the first year's interest on any Big Missouri linked deposit loan made for the purchase of dairy cows or other replacement dairy females.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.230 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

N/A

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Eligible Facility Borrower

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

In order to promote Missouri's economic growth and development, below-market rate deposits of state funds are placed in Missouri financial institutions, allowing eligible borrowers to obtain low interest loans from that institution. The Missouri State Treasurer's Office administers the BIG MISSOURI Linked Deposit Program, one of the nation's most utilized low interest loan programs. Missouri Agricultural and Small Business Development Authority (MASBDA), will analyze, make recommendation and issue a certificate of approval to the Treasurer's Office.

NOTE: This program became effective 5/13/2005.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

30.750 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Not applicable

## PROGRAM DESCRIPTION

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Family Farm Breeding Livestock Loan Program

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Provides Missouri tax credits to Missouri lenders who make breeding livestock loans to "small farmers". "Small farmer" is defined as a Missouri farmer who has less than \$250,000 in gross agricultural product sales per year.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.500 RSMo. Effective August 28, 2006.

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**Program Expenditure History**

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (409), and other non-state funds

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Livestock Feed and Crop Input Loan Guarantee

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

The rising cost of livestock feed and livestock feed crop inputs such as fuel, fertilizer and seed, along with other increasing operating costs and disastrous flooding in many areas of the state, are putting more and more pressure on independent family farmers. The increased risk from these rising costs is making it more difficult or farmers to finance their operating costs. This program provides a 50% first loss guarantee on loans made for livestock feed or crop inputs used to produce livestock feed thus encouraging lenders to continue to make loans to farmers for livestock feed and feed crops on competitive terms. Appropriations will only be needed in the event of a default, thus \$1E.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.515 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Livestock Feed and Crop Input Loan Guarantee

Program is found in the following core budget(s): MASBDA

7a. Provide an effectiveness measure.

7b. Provide an efficiency measure.

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Livestock Feed and Crop Input Loan Guarantee

Program is found in the following core budget(s): MASBDA

Cost per loan guarantee

7c. Provide the number of clients/individuals served, if applicable.

Number of loans guaranteed

7d. Provide a customer satisfaction measure, if available.

N/A

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Missouri Rural Economic Stimulus Act (MoRESA)**

**Program is found in the following core budget(s): MASBDA**

### 1. What does this program do?

The Supplemental Rural Development Financing Program provides that municipalities with qualifying development projects may deposit "other net new revenues" in the State Supplemental Rural Development Fund to cover eligible project costs. Eligible Project Costs include, but are not limited to the following: Costs of studies, appraisals, surveys, plans and specifications; Professional service costs, such as architectural, engineering, legal, marketing, financial or planning services; Land acquisition, demolition costs and site preparation; Costs of rehabilitating and repairing existing public buildings; Costs of constructing public works or improvements; Financing costs, such as costs of issuance, capitalized interest, underwriting expenses and reserve funds; A taxing district's capital costs resulting from the development project, to the extent the municipality by written agreement accepts and approves such costs; and State government costs related to evaluation and administration of the Development Project.

NOTE: No activity in this program and no activity is expected.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

99.915 - 99.1060 RSMo

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

#### Program Expenditure History

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Missouri Rural Economic Stimulus Act (MoRESA)

Program is found in the following core budget(s): MASBDA

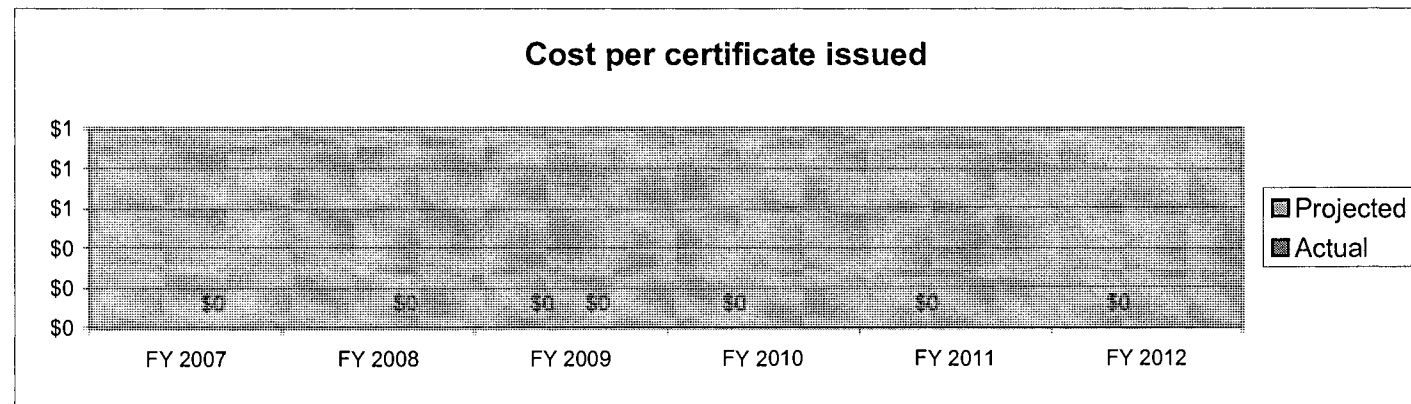

### 6. What are the sources of the "Other " funds?

Not applicable

### 7a. Provide an effectiveness measure.

### 7b. Provide an efficiency measure.

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Missouri Rural Economic Stimulus Act (MoRESA)

Program is found in the following core budget(s): MASBDA

7c. Provide the number of clients/individuals served, if applicable.

7d. Provide a customer satisfaction measure, if available.

None available

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Missouri Value-Added Grant Program

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Provides grants for projects that add value to Missouri agricultural products and aid the economy of a rural community. Grant applications will be considered for value-added agricultural business concepts that lead to and result in the development, processing and marketing of new or expanded uses or technologies for agricultural products, as well as foster agricultural economic development in Missouri's rural communities.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.407 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Missouri Value-Added Grant Program

Program is found in the following core budget(s): MASBDA

### 6. What are the sources of the "Other " funds?

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

### 7a. Provide an effectiveness measure.

### 7b. Provide an efficiency measure.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Missouri Value-Added Grant Program

**Program is found in the following core budget(s):** MASBDA

**Cost per grant serviced**

**7c. Provide the number of clients/individuals served, if applicable.**

**Number of clients served as a result of Value Added Grants**

**7d. Provide a customer satisfaction measure, if available.**

None available

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Missouri Value-Added Loan Guarantee

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Provides a 50% first-loss guarantee to lenders who make agricultural business development loans for the acquisition, construction, improvement, or rehabilitation of agricultural property used for processing, manufacturing, marketing, exporting, or adding value to an agricultural product. Land, buildings and equipment may be guaranteed as well as the purchase of stock in farmer-owned cooperatives involved in processing agricultural products. Loans made under this program may be for an amount up to \$250,000 with no more than 90 percent of a project being financed. Such loans may be made for up to 10 years, with the guarantee coinciding with the term of the loan.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.403 RSMo, 348.406 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Missouri Value-Added Loan Guarantee

Program is found in the following core budget(s): MASBDA

7a. Provide an effectiveness measure.

7b. Provide an efficiency measure.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Missouri Value-Added Loan Guarantee

**Program is found in the following core budget(s):** MASBDA

**7b. Provide an efficiency measure (continued).**

**7c. Provide the number of clients/individuals served, if applicable.**

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Missouri Value-Added Loan Guarantee

Program is found in the following core budget(s): MASBDA

7d. Provide a customer satisfaction measure, if available.

**The program is effective in providing access to capital which is not available through traditional financing.**

**I would recommend this program to others.**

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** New Generation Cooperative Incentive Tax Credit Program

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Provides Missouri tax credits to induce producer investment into new generation processing entities that will process Missouri agricultural commodities and agricultural products into value-added goods, provide substantial benefits to Missouri's agricultural producers, and create jobs for Missourians. The amount of tax credits which may be issued to a producer member investing in an eligible new generation processing entity will be the lesser of: (1) 50% of members cash investment (2) \$15,000 (3) Producer members' pro-ration of the maximum amount of tax credits allocated to the project.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.432 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: New Generation Cooperative Incentive Tax Credit Program

Program is found in the following core budget(s): MASBDA

7c. Provide the number of clients/individuals served, if applicable.

7d. Provide a customer satisfaction measure, if available.

None available

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Qualified Beef Tax Credits

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Provides an incentive for Missouri Farmers to background and finish cattle in the state by providing a \$0.10 per pound tax credit for each pound cattle gain past an established baseline weight, with a minimum gain of an additional 200lbs each. This generates economic activity in the state by keeping cattle in Missouri that would otherwise have been shipped out of state. This means additional revenue for feedlots, meat processors, feed stores, etc.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

135.679 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

### Program Expenditure History

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

**Cost per beef producer participating in program**

**7c. Provide the number of clients/individuals served, if applicable.**

**Number of beef producers participating in the program**

**7d. Provide a customer satisfaction measure, if available.**

N/A

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Single-Purpose Facilities Loan Guarantee Program

**Program is found in the following core budget(s):** MASBDA

**1. What does this program do?**

Provides a 50 percent first-loss guarantee on loans up to \$250,000 that banks and other lenders may make to independent livestock producers. Loan guarantees can be used to finance breeding or feeder livestock, land, buildings, facilities, equipment, machinery and animal waste systems used to produce poultry, swine, beef and dairy cattle. Loans made under the guarantee program may be for an amount up to \$250,000. Such loans may be made for up to 10 years, with the loan guarantee coinciding with the term of the loan.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

348.185 RSMo, 348.190 RSMo, 348.195 RSMo, 348.200 RSMo, 348.205 RSMo, 348.210 RSMo, 348.225 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

**2. THIS REQUEST CAN BE CATEGORIZED AS:**

<input checked="" type="checkbox"/> New Legislation	<input checked="" type="checkbox"/> New Program	<input type="checkbox"/> Fund Switch
<input type="checkbox"/> Federal Mandate	<input type="checkbox"/> Program Expansion	<input type="checkbox"/> Cost to Continue
<input type="checkbox"/> GR Pick-Up	<input type="checkbox"/> Space Request	<input type="checkbox"/> Equipment Replacement
<input type="checkbox"/> Pay Plan	<input type="checkbox"/> Other: _____	

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

This request will implement SB 931 (2008); 348.515 RSMo. The rising cost of livestock feed and livestock feed crop inputs such as fuel, fertilizer and seed, along with other increasing operating costs, are putting more and more pressure on independent family farmers. The increased risk from these rising costs is making it more difficult for farmers to finance their operating costs. This program provides a 50% first loss guarantee on loans made for livestock feed or crop inputs used to produce livestock feed thus encouraging lenders to continue to make loans to farmers for livestock feed and feed crops on competitive terms.

Agriculture MASBDA Livestock Feed and Crop Inputs Loan Guarantee	Budget Unit _____
--	-------------------

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Expenditures will be made only in the event of a default. The \$40,000 statutory maximum loan amount may limit the demand for these loan guarantees. Therefore, the department is requesting a \$200,000 appropriation, which will allow up to 50 loans to be made at \$40,000 per loan.  $((\$200,000/.20) = \$1,000,000$  in guaranteed amounts or \$2,000,000 in total loans.)

**5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.**

#### 2. CORE DESCRIPTION

Adult agriculture educators are actively involved in economic development opportunities in rural Missouri. The instructional programs provided play an essential role in the business planning and decision making processes used by those enrolled in the programs. The adult educators are a vital link between the Missouri Department of Agriculture and the agricultural communities of Missouri.

The grants are not intended to replace current funding levels provided through the Department of Elementary and Secondary Education, Agriculture Education.

The grants are intended to provide funding for Current, New, and Expanding Adult Agriculture Education Programs in Missouri as well as for program expenses of the state Farm Business Management Analysis (FBMA)/Adult Agricultural Education program.

#### 3. PROGRAM LISTING (list programs included in this core funding)

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Adult Agricultural Education Grant Program**

**Program is found in the following core budget(s): MASBDA**

**1. What does this program do?**

Adult agriculture educators are actively involved in economic development opportunities in rural Missouri. The instructional programs provided play an essential role in the business planning and decision making processes used by those enrolled in the programs. The adult educators are a vital link between the Missouri Department of Agriculture and the agricultural communities of Missouri.

The grants are not intended to replace current funding levels provided through the Department of Elementary and Secondary Education, Agriculture Education.

The grants are intended to provide funding for Current, New, and Expanding Adult Agriculture Education Programs in Missouri as well as for program expenses of the state Farm Business Management Analysis (FBMA)/Adult Agricultural Education program.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

House Bill 6.037, Effective July 1, 2007.

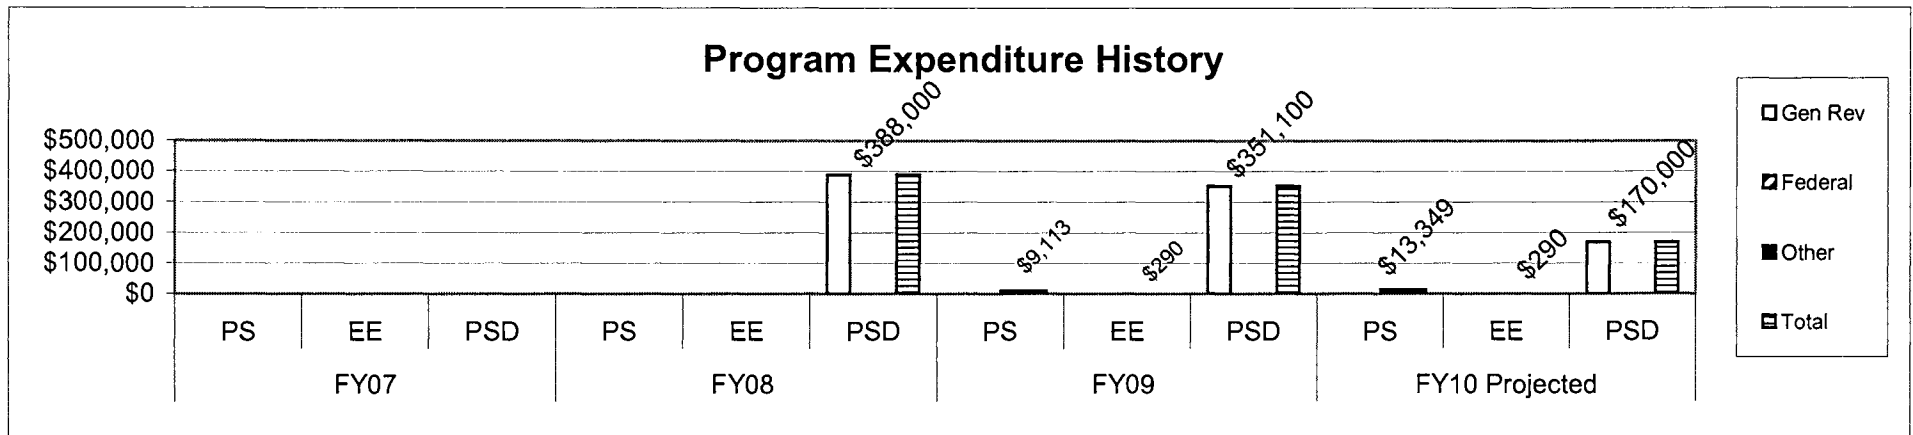

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Adult Agricultural Education Grant Program

**Program is found in the following core budget(s):** MASBDA

### 6. What are the sources of the "Other " funds?

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (409), and other non-state funds

### 7a. Provide an effectiveness measure.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Adult Agricultural Education Grant Program

**Program is found in the following core budget(s):** MASBDA

**7b. Provide an efficiency measure.**

PLEASE NOTE: Funding to these programs has been decreased by 50%, thereby changing the costs, effectiveness, and reach of these programs and our projections.

**7c. Provide the number of clients/individuals served, if applicable.**

#### 2. CORE DESCRIPTION

The Agriculture Development Fund provides assistance to Missouri farm families and youth through various loan and grant programs, scholarships and youth development programs. The funds as stipulated under RSMo 261 are derived from the Rural Rehabilitation Assets and the income, proceeds, and acquisitions there from. A "Use Agreement" between the United States Department of Agriculture (Farm Service Agency) and the State of Missouri (Department of Agriculture) stipulates the funds are to be used for rural Missourians by providing direct or indirect assistance. The Missouri Agricultural and Small Business Development Authority is responsible for the fiscal management of the fund for the Missouri Department of Agriculture and has daily operational control over the Alternative Loan Program and Crop and Livestock Loan Guaranty Program. Promotional and daily operational control of the Building Our American Communities (BOAC) Grant, and the Missouri Agribusiness Academy are the responsibility of the Market Information and Outreach Program.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Alternative Loan Program

**Program is found in the following core budget(s):** Ag Development Fund

**1. What does this program do?**

Provides financial assistance for rural Missourians to finance the production, processing, and marketing needs of an alternative enterprise. An agricultural alternative project is doing something different from what traditional rural farming operations are currently doing. The maximum loan is \$20,000 for up to 5 years.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

261.026 & .027 and a "Use Agreement" between the USDA and the MO Department of Agriculture. Effective 10/10/02 the Missouri Agricultural and Small Business Development Authority has fiscal management of the Agriculture Development Fund.

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other" funds?**

Agriculture Development Fund (0904), Single-Purpose Animal Facilities Loan Guarantee Fund (0409), and other non-state funds

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: BOAC Grant Program**

**Program is found in the following core budget(s): Ag Development Fund**

### 1. What does this program do?

The Building Our American Communities (BOAC) grant program annually awards eighteen (18) 4-H clubs and eighteen (18) FFA chapters a grant (not exceeding \$500 each) for the purpose of rehabilitating rural communities and improving public use areas. Examples of some of the projects funded through the BOAC Grant Program include: construction and improvement of various facilities at county fairgrounds; landscaping projects for various community buildings, schools and nursing homes; renovation of a community building; landscaping at a Ronald McDonald House; improvement to a senior citizens' center; improvements to a community walking track and construction of city welcome signs. Upon completion, projects are inspected by Department representatives before payment is made.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

RSMo 261.027. The Agriculture Development Fund and any income or interest received from the investment thereof may be released by and at the discretion of the director of agriculture for agricultural development and rehabilitation purposes.

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

### 6. What are the sources of the "Other " funds?

Agriculture Development Fund

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: BOAC Grant Program**

**Program is found in the following core budget(s): Ag Development Fund**

**7a. Provide an effectiveness measure.**

Ratio of BOAC project cost to Grants awarded (leverage ratio)

	FY 2007	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012
	Actual	Actual	Estimated	Estimated	Estimated	Estimated
Project cost	\$141,604	\$132,655	\$165,000	\$170,000	\$175,000	\$175,000
BOAC Grants	\$18,000	\$14,500	\$18,000	\$18,000	\$18,000	\$18,000
Ratio	7.87	9.15	9.17	9.44	9.72	9.72

**7b. Provide an efficiency measure.**

Application forms for the BOAC Grant Program are available only on the Internet to save printing and postage costs.  
Projects inspections are coordinated with established staff travel combining trips for efficiency and cost savings

**7c. Provide the number of clients/individuals served, if applicable.**

Number of BOAC applications received:

	FY 2007	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012
	Actual	Actual	Estimated	Estimated	Estimated	Estimated
4-H	65	64	85	90	95	100
FFA	37	54	55	60	65	70

**7d. Provide a customer satisfaction measure, if available.**

N.A.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Crop & Livestock Loan Guaranty Program

**Program is found in the following core budget:** Agricultural Development Fund

**1. What does this program do?**

Provides a 50% guarantee on loans of up to \$3,000 that banks and other lenders may make to 4-H or FFA members for a supervised project for a period of two years. Loan guarantees can be used for the purchase of livestock, feed, seed, fertilizer, herbicides, insecticides, fuel, and other miscellaneous out-of-pocket expenses directly related to the project.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

261.026 & .027 and a "Use Agreement" between the USDA and the MO Department of Agriculture. Effective 10/01/02 the Missouri Agricultural and Small Business Development Authority has fiscal management of the Agriculture Development Fund.

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

None available

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Missouri Agribusiness Academy

**Program is found in the following core budget(s):** Ag Development Fund

**1. What does this program do?**

Thirty high school sophomore students are selected each year to participate in the Missouri Agribusiness Academy (MAbA). Applicants must participate in 4-H or FFA or have a family farm background. The selection process involves a written application and oral interview. The Academy program is a five-day agribusiness tour, rotating annually to the cities of St. Louis, Springfield and Kansas City. Members are introduced to professional ag related speakers and provided insight on agricultural occupations. Activities also build communication and leadership skills. Many Academy graduates go on to serve as state officers in 4-H and FFA and most continue on to agricultural careers.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

RSMo 261.027. The Agriculture Development Fund and any income or interest received from the investment thereof may be released by and at the discretion of the director of agriculture for agricultural development and rehabilitation purposes.

**3. Are there federal matching requirements? If yes, please explain.**

<b>2. CORE DESCRIPTION</b>									
Livestock and poultry account for about \$3 billion of the state's agricultural cash receipts. As directed by the state veterinarian, the division administers disease control/herd certification programs under the Diseased Animal Law, including brucellosis, pseudorabies, tuberculosis, EIA, Pullorum-Typhoid, Avian Influenza, Vesicular Stomatitis, John's BLV, Transmissible Spongiform Encephalopathies (TSEs) . These programs are designed to control and eradicate the most economically damaging diseases.									
The division coordinates state and federal resources in prevention, preparedness, response, and recovery during an animal health emergency. Continuous surveillance by this division for livestock and poultry diseases and other possible emerging pathogens helps prevent outbreaks of infectious animal diseases that could jeopardize the sale and export of Missouri animals and animals products. In some cases, human health may also be directly threatened because many diseases (i.e. Tuberculosis, Brucellosis, Anthrax, Rabies, some forms of influenza and food-borne disease organisms) can also be transmitted directly from animals to humans, increasing consumer concern about food safety and quality assurance. This division works directly with Department of Public Safety, Department of Homeland Security, State Emergency Management Agency, and the Regional Homeland Security Oversight Committees to ensure the most effective planning, training, and equipment is in place to respond to an animal emergency. Recent food born disease outbreaks have raised the need for expansion of the agro-security and Food safety programs. The need for expanded surveillance on response capability is a top priority at all levels.									
The Division of Animal Health administers the National Poultry Improvement Program (NPIP) through a Memorandum of Understanding with USDA. The NPIP is an industry/state/federal program designed to control hatchery disseminated diseases and provide basic provisions for disease control and certification of poultry breeding flocks and hatcheries. Diseases included in the NPIP are Pullorum-typhoid, Salmonella enteritidis, Mycoplasmosis, and Avian Influenza.									

# CORE DECISION ITEM

**Department:** Agriculture  
**Division:** Animal Health  
**Core:** Animal Health

**Budget Unit** 35510C

## 2. CORE DESCRIPTION (continued)

The Missouri Meat and Poultry Inspection Program (MMPIP) provides consumers with confidence in the safety and wholesomeness of Missouri processed meat and poultry products. The MMPIP provides inspection services to official state establishments and conducts frequent sanitation reviews of custom exempt slaughter and meat processing facilities. Warehouses, wholesale distribution, rendering and retail product safety are monitored by MMPIP compliance officers.

The companion animal industry is a large but unmeasured source of revenue for Missouri. To protect and promote this industry, the Animal Care Facility Act Program (ACFA) ensures that companion animals receive adequate care, shelter, health care and proper socialization which benefits both the companion animals and the state's pet industry.

## 3. PROGRAM LISTING (list programs included in this core funding)

Animal Care Facility Act  
Disease Control  
State Meat and Poultry Inspection

## 4. FINANCIAL HISTORY

	FY 2007 Actual	FY 2008 Actual	FY 2009 Actual	FY 2010 Current Yr.

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 35510C  <b>BUDGET UNIT NAME:</b> Animal Health	<b>DEPARTMENT:</b> Agriculture  <b>DIVISION:</b> Animal Health
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>	
<b>DEPARTMENT REQUEST</b>	
We are requesting flexibility in the Animal Health division's General Revenue (GR) Personal Service and/or Expense and Equipment appropriation, provided that not more than twenty-five percent (25%) flexibility is allowed between each of these appropriations. This flexibility is needed to maximize the efficiency of available financial resources and to meet the department's statutory responsibilities.	
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>	
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
None	The Animal Health Division believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>	
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>
Not applicable	The requested flexibility will most likely be used for essential Expense and Equipment expenditures (e.g. maintenance, repair, or replacement of equipment; supply purchases; etc.) that would impair the department's operation if not made.

## PROGRAM DESCRIPTION

**Department - Agriculture**

**Program Name - Animal Care Facility Act Program**

**Program is found in the following core budget(s): Animal Health**

### 1. What does this program do?

The health and well being of companion animals raised by commercial breeders, transported and received by animal shelters and humane societies in Missouri is the primary concern of the Animal Care Facilities Act Program (ACFA). Sale of companion animals and pet care supplies is a significant source of revenue and economic activity for Missouri. To protect and promote this industry, the ACFA program enforces regulations for adequate food, housing, health and veterinary care. Income is derived from retail sales of dogs, wholesale transactions through brokers and associated transport expenses. In addition, sales of production equipment food and veterinary supplies add to the economy. The ACFA program is staffed with one program veterinarian/acting coordinator, one administrative office support assistant and ten animal health officers. This program licenses and inspects animal shelters, boarding kennels, carriers, commercial breeders, commercial kennels, contract kennels, dealer/brokers, exhibitors, rescues, hobby/show licensed, intermediate handlers, pet shops, pet sitters and dog pounds. The staff also responds to public inquiries where the well-being of the animals in question, assist in the research and documentation of cases involving administrative hearings and work with USDA Animal Care field inspectors and their regulatory enforcement.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

273.329 to 273.357, RSMo

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

## PROGRAM DESCRIPTION

Department - Agriculture

Program Name - Animal Care Facility Act Program

Program is found in the following core budget(s): Animal Health

### 6. What are the sources of the "Other " funds?

Animal Care Reserve (0295), State Institution Gift Trust Fund (0925)

### 7a. Provide an effectiveness measure.

## PROGRAM DESCRIPTION

Department - Agriculture

Program Name - Animal Care Facility Act Program

Program is found in the following core budget(s): Animal Health

7b. Provide an efficiency measure.

7c. Provide the number of clients/individuals served, if applicable.

### Number of licensed animal care facilities

## PROGRAM DESCRIPTION

<b>Department: Agriculture</b>
<b>Program Name: Disease Control</b>
<b>Program is found in the following core budget(s): Animal Health</b>

	<b>Disease Control</b>	<b>Indemnity</b>	<b>TOTAL</b>
<b>GR</b>	1,754,636	1	1,754,637
<b>FEDERAL</b>	327,986	0	327,986
<b>OTHER</b>	290,926	0	290,926
<b>TOTAL</b>	2,373,548	1	2,373,549

### 1. What does this program do?

Under the direction of the state veterinarian, the division has the responsibility to aid and assist with control and eradication of livestock diseases to insure optimum health of Missouri's livestock and poultry industry. The division works with USDA for disease control, surveillance and eradication of diseases that affect animals and humans. This responsibility is carried out through various subprograms i.e. voluntary disease control/eradication programs, livestock marketing licensing, registration of livestock dealers, rendering plant licensing, dead animal surveillance and livestock brand registration.

The division administers the National Poultry Improvement Plan (NPIP). The NPIP is an industry/state/federal program designed to control hatchery disseminated diseases and provide basic guidelines for disease control and certification of poultry breeding flocks. Certification of breeding flocks and ultimately the state itself through the NPIP allows uninterrupted interstate and international movement of poultry and poultry products.

The division relies on its two (2) diagnostic laboratories located in Jefferson City and Springfield to perform the diagnostic tests needed to maintain Missouri's disease free statuses, clear animals for export, and to increase the value of Missouri livestock, poultry and companion animal operations. The quickness that tests are performed gives the division an indication as to what diseases are jeopardizing the value of the state's livestock and poultry population. Tests are performed free of charge for those diseases that fall under a state/federal cooperative eradication program. The laboratories perform and bill producers for testing other livestock/poultry/small animal samples for diseases that are a concern to the producers or that have a negative impact on the industry. Fees charged for testing services are deposited in the "Laboratory Fee Fund" to be used to maintain and improve the level of services offered at each laboratories.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 267, RSMo - State Veterinarian --Diseased Animals  
 Chapter 268, RSMo - Marks and Brands of Animals  
 Chapter 269, RSMo - Disposal of Dead Animals  
 Chapter 276, RSMo - Dealer Law  
 Chapter 277, RSMo - Missouri Livestock Marketing Law  
 Authority for NPIP: 7U.S.C.429; 7CFR 2.22, 2.80 and 371.4

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Disease Control

**Program is found in the following core budget(s):** Animal Health

## PROGRAM DESCRIPTION

**Department - Agriculture**

**Program Name - State Meat and Poultry Inspection**

**Program is found in the following core budget's): Animal Health**

### **1. What does this program do?**

The Missouri Meat and Poultry Inspection Program (MMPIP) is responsible for ensuring that state inspected meat and poultry products are safe, wholesome, and correctly labeled. MMPIP provides ante-mortem, post-mortem and processing inspection to official state establishments and conducts frequent sanitation reviews of custom exempt establishments throughout the state. By providing inspection to small and very small meat and poultry facilities throughout the state, MMPIP provides a tool for livestock producers and meat processors to add value and capture additional profits from Missouri meat and poultry products. In addition to inspection, MMPIP must maintain a compliance program to conduct in-commerce surveillance activities at locations such as warehouses, distribution centers, and retail establishments. The MMPIP compliance program enforces all applicable laws, regulations, and FSIS policies and takes appropriate enforcement action in the event of non-compliance or potentially unsafe product entering commerce.

FSIS provides guidance to state MPI programs under cooperative agreements. State Meat and Poultry Inspection (MPI) Programs are an integral part of the nation's food safety system. About 1,900 meat and poultry establishments are inspected under State MPI programs. All of these establishments are small or very small. State MPI programs are characterized as providing more personalized guidance to establishments in developing their food safety oriented operations. (USDA/FSIS, 2009)

Through comprehensive reviews, FSIS determines whether MMPIP is at least "equal to" the Federal inspection program, and includes evaluation of the following nine components: Statutory Authority and Food Safety Regulations, Inspection, Product Sampling, Staffing and Training, Humane Handling, Non-Food Safety Consumer Protection, Compliance, Civil Rights, and Financial Accountability.

### **2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Federal Meat Inspection Act - Title 21, Chapter 12, U.S.C. 601 et seq.; Code of Federal Regulations, Title 9; Part 200 to end  
Chapter 265, RSMo, Poultry Products Inspection Act, Title 21, Chapter 10, U.S.C. 451et seq, Humane Slaughter Act, Title 7, Chapter 48, U.S.C.  
Food Safety and Inspection Service Cooperative Agreement No. 1237-A-470

### **3. Are there federal matching requirements? If yes, please explain.**

Yes - The Missouri Meat and Poultry Inspection Program operates under a cooperative agreement with FSIS. Under this agreement, a state program must enforce requirements "at least equal to" those imposed under the Federal Meat Inspection Act and the Poultry Products Inspection Act. FSIS provides up to 50% of the state's operating funds, as well as training and other assistance. FSIS provides guidance to the State Meat and Poultry Inspection programs under these agreements.

### **4. Is this a federally mandated program? If yes, please explain.**

No

## 2. CORE DESCRIPTION

The Indemnity Program provides funding to control and eradicate animal diseases by removal and depopulation of disease-infected animals. Rapid elimination of disease-infected animals is the surest method to guard against further spread of disease. This funding also helps to minimize economic losses to producers whose livestock have been destroyed.

### 2. CORE DESCRIPTION

The Grain Regulatory Services Program is a statutorily mandated program that provides regulatory oversight to the grain warehouse and grain merchandising industry, which annually generates in excess of \$3 billion in economic activity. This oversight ensures the 50,000 Missouri grain farmers of a financially stable grain marketing system where they can both store and merchandise their grain production. Audits of the incentive payments for ethanol and biodiesel production are completed by the GRS program. In addition, the GRS program conducts commodity checkoff audits to verify collection of assessments, conducts board elections for seven of the commodity councils, and administers the Missouri Agricultural Mediation Program (MAMP) which provides dispute resolution services to Missouri farmers who utilize USDA programs. The MAMP is funded by a grant provided through the Farm Service Agency of USDA.

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 35660C  <b>BUDGET UNIT NAME:</b> Grain Regulatory Services	<b>DEPARTMENT:</b> Agriculture  <b>DIVISION:</b> Grain Regulatory Services
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>	
<b>DEPARTMENT REQUEST</b>	
We are requesting flexibility in the Grain Regulatory Services' General Revenue (GR) Personal Service and/or Expense and Equipment appropriation, provided that not more than twenty-five percent (25%) flexibility is allowed between each of these appropriations. This flexibility is needed to maximize the efficiency of available financial resources and to meet the department's statutory responsibilities.	
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>	
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
\$21,246 GR	The Grain Regulatory Services' program believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>	
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>
Flexed from PS to EE to cover field inspection expenses.	The requested flexibility will most likely be used for essential Expense and Equipment expenditures (e.g. maintenance, repair, or replacement of equipment; supply purchases; etc.) that would impair the department's operation if not made.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Grain Regulatory Services

**Program is found in the following core budget(s):** Grain Regulatory Services

**1. What does this program do?**

Missouri producers annually harvest up to 650 million bushels of grain valued at more than \$3.7 billion, making grain production one of the state's top industries. The Grain Regulatory Services (GRS) Program licenses, bonds and audits grain warehouses and grain dealers to ensure financially sound grain markets for Missouri's farmers to store and merchandise their grain. Audits of the ethanol and biodiesel incentive payments are conducted by the GRS program. In addition, the GRS program conducts commodity checkoff audits to verify collection of assessments, conducts board elections for seven of the commodity councils, and administers the Missouri Agricultural Mediation Program (MAMP) which provides dispute resolution services to Missouri farmers who participate in USDA programs. The MAMP is funded by a grant provided through the Farm Service Agency of USDA.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Missouri Grain Dealer Law 276.401-276.582 RSMo & Missouri Grain Warehouse Law 411 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

Yes, the MAMP requires the state to match 30%. GRS program has no matching requirements.

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Not applicable.

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Grain Regulatory Services

Program is found in the following core budget(s): Grain Regulatory Services

7a. Provide an effectiveness measure.

7b. Provide an efficiency measure.

## PROGRAM DESCRIPTION

## 2. CORE DESCRIPTION

The Grain Inspection Services Program provides unbiased third-party inspections to determine the quantity, quality, and condition of grain. Inspections are not mandatory except for grain destined for export. Grain producers, buyers, sellers, shippers, and other interested parties request inspection services to facilitate the trading and marketing of grain. Inspection services are provided state-wide through regional inspection offices located in Kansas City, Marshall, New Madrid, St. Joseph, and Vandalia. The program is entirely self-supporting as it charges fees for performing inspections and all costs are paid from revenue earned.

The core request provides sufficient spending authority to operate regional inspection offices and provide "official" grain inspection services throughout Missouri.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Grain Inspection Services**

**Program is found in the following core budget(s): Grain Inspection Services**

### 1. What does this program do?

The Grain Inspection Services Program is the USDA designated official grain inspection and weighing agency in Missouri. The program provides official inspection services in accordance with the U.S. Grain Standards Act to anyone requesting services within the geographic boundaries of Missouri. The program also provides mycotoxin and official rice inspection services under authority of the U.S. Agricultural Marketing Act.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State: RSMo 411.030

Federal: U.S. Grain Standards Act (Public Law 103-156) and U.S. Agricultural Marketing Act of 1946.

### 3. Are there federal matching requirements? If yes, please explain.

No.

### 4. Is this a federally mandated program? If yes, please explain.

No. USDA is responsible for administering the U.S. Grain Standards Act and the U.S. Agricultural Marketing Act. In accordance with these acts, USDA designates or delegates those responsibilities to state departments of agricultural or private grain inspection agencies. USDA provides compliance and operational oversight of the official grain inspection system. Each official grain inspection agency must apply to USDA for re-designation every three years.

### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

### 6. What are the sources of the "Other" funds?

Grain Inspection Fee Fund (0647)

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Grain Inspection Services

Program is found in the following core budget(s): Grain Inspection Services

### 7a. Provide an effectiveness measure.

The program performed almost 97,500 inspections per year during the period FY06 through FY08. The most recent USDA Grain Inspection Packers and Stockyards Administration compliance review of our program found no major noncompliance items.

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Grain Inspection Services

Program is found in the following core budget(s): Grain Inspection Services

7b. Provide an efficiency measure.

\* Costs include all personal services, expense and equipment, fringe benefit, worker compensation, unemployment, and state overhead charges.

7c. Provide the number of clients/individuals served, if applicable.

403 grain producers and grain companies request inspection services in fiscal year 2009. In fiscal year 2009 the average charges per customer was \$4056.

7d. Provide a customer satisfaction measure, if available.

N/A

## 2. CORE DESCRIPTION

The Commodity Merchandising Administration Program provides centralized collection and distribution of assessment fees for the nine commodity checkoff programs.

<u>Commodity</u>	<u>Checkoff Rate</u>
Soybean	½ of 1% of market value
Beef	\$1 per head
Corn	½ cent per bushel
Rice	2 cents per bushel
Grape and Wine	\$6 per ton of grapes or 160 gallons of grape juice to produce wine
Aquaculture	\$3 per ton of fish food
Sheep and Wool	25 cents per head-sheep 1 cent per pound wool
Apple	1½ cents per bushel
Peach	6 cents per 100 pounds

The program is self-supporting. All operating costs, refunds, and distributions are paid from commodity checkoff fees or funds received from commodity merchandising councils.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** Commodity Merchandising Administration

**Program is found in the following core budget(s):** Commodity Merchandising

### 1. What does this program do?

State law along with state producer checkoff referendums established merchandising councils and implemented checkoff assessment programs for nine agricultural commodities. The Commodity Merchandising Administration Program (CMAP) currently provides monthly check off collection, refund, and distribution services for all nine programs. Each month CMAP:

1. Receives checkoff assessment reports and payments from up to 1,000 collection points and individual producers.
2. Processes checkoff refunds to producers requesting refunds in applicable programs.
3. Distributes net checkoff collections (collections less refunds) to designated state and national commodity merchandising councils and organizations.

CMAP collection and distribution services are mandated for 3 of the 9 checkoff programs. CMAP is authorized to provide collection and distribution services for the other 6 checkoff programs if the commodity merchandising councils request those services. Centralized services minimizes administrative costs by eliminating the need for each merchandising council to establish individual systems to collect and distribute check off fees.

The CMAP is self-supporting. All operating costs, refunds, and distributions are paid from commodity checkoff fees or funds received from commodity merchandising councils.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 265.180, 275.650, 275.454, and 275.466 RSMo

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Commodity Merchandising Administration**

**Program is found in the following core budget(s): Commodity Merchandising**

### 6. What are the sources of the "Other " funds?

Commodity Council Merchandising Fund (0406); Aquaculture Marketing Fund (0573); Apple Merchandising Fund (0615); Missouri Wine Marketing and Research Fund (0855)

### 7a. Provide an effectiveness measure.

Compare the amount of Missouri rice checkoff fees collected to potential checkoff collections. Potential collections are equal to 2 cents per bushel on the annual Missouri rice production as reported by the Missouri Agricultural Statistics Service.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Commodity Merchandising Administration**

**Program is found in the following core budget(s): Commodity Merchandising**

**7b. Provide an efficiency measure.**

Measure total program administrative costs (personal service, expense & equipment, fringe benefits, and administrative overhead) to total check off collections.

**7c. Provide the number of clients/individuals served, if applicable.**

The CMAP provides checkoff collection and distribution services for nine merchandising councils. More than 1,000 businesses and individuals serve as collection points and remit checkoff fees to CMAP.

**7d. Provide a customer satisfaction measure, if available.**

Not available

**2. CORE DESCRIPTION**

The Plant Industries Division is comprised of four bureaus which together administer 14 separate state laws and cooperate in the administration of four federal laws. These regulatory laws facilitate agricultural production and marketing and provide food safety, consumer and environmental protection for Missouri citizens by regulating animal feeds and planting seeds, providing necessary certification for interstate and international shipment of agricultural plant and forest crops, eradication, prevention and spread of harmful plant pests, establishing grades and standards for fresh fruits and vegetables, ensuring the safe use and handling of pesticides and administering standards for quality and distribution of treated wood products

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 35710C  <b>BUDGET UNIT NAME:</b> Plant Industries	<b>DEPARTMENT:</b> Agriculture  <b>DIVISION:</b> Plant Industries
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>	
<b>DEPARTMENT REQUEST</b>	
We are requesting flexibility in the Plant Industries General Revenue (GR) Personal Service and/or Expense and Equipment appropriation, provided that not more than twenty-five percent (25%) flexibility is allowed between each of these appropriations. This flexibility is needed to maximize the efficiency of available financial resources and to meet the department's statutory responsibilities.	
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>	
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
None	The Plant Industries division believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>	
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>
Not applicable	The requested flexibility will most likely be used for essential Expense and Equipment expenditures (e.g. maintenance, repair, or replacement of equipment; supply purchases; etc.) that would impair the department's operation if not made.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Feed & Seed

**Program is found in the following core budget(s):** Plant Industries

### 1. What does this program do?

The Bureau of Feed and Seed regulates the feed and seed industries through the administration of the Missouri Commercial Feed Law and the Missouri Seed Law. These laws provide food safety and consumer protection. The programs are administered by five inspectors working from their homes in assigned areas covering the entire state. The feed and seed testing laboratories and administrative offices are located in Jefferson City, Mo. The Feed Lab receives approximately 5,000 samples each year to analyze. These samples consist of official samples tested against label claims. Additional samples are also analyzed as service samples, survey samples and custom-mix samples. The feed program regulates all animal feed in Missouri including pet food (cat and dog) and specialty pet food (tank and cage). The seed program regulates agricultural, lawn, and vegetable seed. The Seed Lab receives approximately 3,000 samples that are analyzed for purity, noxious weed seed, and germination. The two programs are distinct programs and are offered by no other department in the state or at the federal level. The feed program plays an important role in food safety in cooperation with the U.S. Food and Drug Administration (FDA) in the administration of the Bovine Spongiform Encephalopathy (BSE) Prevention Program in Missouri. The Bureau inspects, reports, monitors, and investigates the compliance of facilities and individuals manufacturing, distributing, or using products containing prohibited mammalian protein to ensure these proteins are not fed to ruminant animals. Two types of inspections are performed for compliance with the uses of mammalian proteins. One is BSE Inspection for state survey and the other is under contract with FDA. This type of inspection is very similar to the state inspection, however, the detail to paperwork is much more in depth. We also perform two types of Good Manufacturing Practices (GMP) inspections. Again, one is our state inspection and other for FDA under contract. As with the BSE inspections, the inspections for FDA require more paperwork. The Bureau also works in cooperation with USDA, AMS in the interstate shipment of seed to ensure that seed shipped into our state meets the requirements of our seed law. We are involved in several other activities including our annual wheat and corn sampling to check for aflatoxin, testing feed products for the presence of prohibited proteins, and supplying seed samples to the Federal Seed Lab in Gastonia, N.C. in order to check for interstate shipping violations.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Missouri Commercial Feed Law RSMo 2000 sections 266.152 to 266.220 and the Missouri Seed Law RSMo 2000 sections 266.011-266.111.

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Feed & Seed

Program is found in the following core budget(s): Plant Industries

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Not applicable.

7a. Provide an effectiveness measure.

The compliance rates for feed and seed measure the percentage of feed or seed samples meeting all labeled guarantees.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Feed & Seed

**Program is found in the following core budget(s):** Plant Industries

**7b. Provide an efficiency measure.**

Missouri farmers spent 1.3 billion dollars<sup>1</sup> for livestock feed in 2007. This figure does not include hay. This is about 22.6% of the farm production expenditures. Seed and plant purchases in our state amounted to \$366 million<sup>1</sup> in 2007. This is about 6% of the farm production expenses.

Source: <sup>1</sup>2008 Farm Facts, Missouri Agricultural Services

**Cost Per Feed Sample Per Calendar Year**

**Cost Per Seed Sample Per Calendar Year**

**Revenue Collected for Performance of Good Manufacturing Practices (GMP) & Bovine Spongiform Encephalopathy (BSE) Inspections Per Calendar Year**

**Cost Comparison MDA Feed Control Lab vs. Private Laboratories**

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Feed & Seed**

**Program is found in the following core budget(s): Plant Industries**

**7c. Provide the number of clients/individuals served, if applicable.**

Our clients/individuals that we serve can be most anyone who has cats, dogs, or specialty pets like tropical fish, turtles, snakes, etc. The most obvious are livestock producers of cattle, swine, or poultry. Other clients consist of the purchasers of seed products like corn, soybeans, milo, and wheat. Purchasers of vegetables and lawn seed are also clients since that seed is typically analyzed.

**7d. Provide a customer satisfaction measure, if available.**

Not available.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Integrated Pest Management Program**

**Program is found in the following core budget(s): Plant Industries**

### **1. What does this program do?**

Integrated Pest Management (IPM) program also includes the Forest Resources and the Fresh Fruit and Vegetable Inspection functions. IPM strategies anticipate pest problems and prevent them from reaching economically damaging levels. The goal of the IPM Program is to assist Missouri producers to reduce dependence on pesticides through increased use of biological control agents, pest-resistant plant varieties and adopting improved cultural management practices. The IPM Program cooperates with several different agencies, receiving grant funding for IPM in Missouri schools, IPM for emerald ash borer management, and to initiate a Pesticide-Sensitive Specialty Crops Locator.

The IPM Program implemented a demonstration School IPM pilot project at a rural school to try to reduce the routine use of pesticides. Through improved sanitation, moisture management, reduction of entry sites for pests, better food storage areas, and increased monitoring efforts the pilot school was able to reduce its pesticide applications by over 80% in a year. The cost savings from pesticides almost covered the costs of the infrastructure improvements, changes that will last for years. This model will be used in other districts across the state to reduce pesticide exposure to students and staff.

Forest Resources is responsible for the licensure of all treated timber producers and dealers doing business within the state of Missouri. The program is also responsible for regulations governing the quality and distribution of treated wood products. It is administered by one person working out of the Jefferson City office covering the entire state. This person also coordinates the annual gypsy moth survey under the auspices of the State Entomologist and supervises a summer staff of 13-14 employees. The program also administers the statutes involving the control and or eradication of noxious weeds as well as the appointment of Johnson Grass Control Board members in their respective counties.

Fresh Fruit and Vegetable Inspections assure buyers and sellers of this highly perishable product that commodities are graded and packed to conform to established USDA standards which allows for an orderly marketing system. To facilitate these needs, one state program coordinator is based in Monett, Missouri and covers south Missouri, northwest Arkansas, northeast Oklahoma and southeast Kansas. This person does all terminal market inspections. These are inspections requested by Missouri produce wholesalers who feel the produce does not meet the grade requested or ordered. He is assisted by part-time state inspectors licensed by the U.S. Department of Agriculture, Agricultural Marketing Service (USDA-AMS) to help perform shipping point inspections at the point of origin of Missouri-grown produce to determine that the correct quality and grade of produce is packed and shipped. Federal inspectors are stationed in Kansas City and St. Louis, Missouri. Terminal market inspections confirm quality and grade of produce received by Missouri wholesale purchasers for distribution to retail outlets. Both types of inspections are provided upon request and at the expense of growers, shippers, or wholesale purchasers. The program is a State and USDA-AMS cooperative effort. Federal cooperation assures national consistency of requirements with similar programs throughout all 50 states.

### **2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

For Forest Resources Program: Sections 280.005-280.140, RSMo 2000 - Missouri Treated Timber Law; and Sections 263.190 to 263.474, RSMo 2000 - Missouri Weed Statutes: for Fresh Fruit and Vegetable Inspection Program the state and federal statutes are State: RSMO 265.060 and Federal: 7 U.S.C. 1621-1627.

### **3. Are there federal matching requirements? If yes, please explain.**

For Fresh Fruit and Vegetable Inspection Program: Under the USDA-AMS Cooperative Agreement, the state agency collects fees established by USDA-AMS for inspections performed by the state. In turn, the state agency reimburses USDA-AMS a percentage of the fees collected. Reimbursement rates are: Terminal Market Rates - 8%. Shipping Point Inspections - 7.7%.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Pesticide Control**

**Program is found in the following core budget(s): Plant Industries**

### **1. What does this program do?**

The Missouri Pesticide program is responsible for regulating the distribution, sale and use of all pesticides in the state of Missouri. The overall goal of the pesticide program in meeting both state and federal statutory responsibilities is to prevent unreasonable adverse effects of pesticide use on the health of the citizens of Missouri and the environment while helping assure the availability of pesticides needed to maintain our quality of life. The use of pesticides is an integral part of the quality and quantity of food and fiber produced for the world; however, pesticides have a wide variety of other uses such as: control of pests that cause structural damage to homes and other buildings; protection of aesthetic value provided by ornamental plants and turf; control of pests which may create health concerns; and the prevention of crop and forest damage by invasive species.

The Bureau of Pesticide Control has four main program responsibilities: applicator certification; pesticide technician licensing; federal initiatives (water quality, worker protection and endangered species); and enforcement. Field activities are performed by employees working from their homes with their main assignment in a specific region of the state. The Bureau has averaged 9,671 investigations and inspections over the past three fiscal years including: pesticides at the retail, wholesale and producer levels; applicator use records and dealer sales records; certification credentials; applicator training records; direct supervision requirements; and the inspection of use and alleged misuse of pesticides. The Bureau of Pesticide Control continues to maintain a Performance Partnership Grant with the EPA and receives federal funds in support of the program.

### **2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The Missouri Pesticide Use Act, Sections 281.005 to 281.115, RSMo 2000. The Missouri Pesticide Registration Act, Sections 281.210 to 281.310. The Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), Sec. 24. [136v] AUTHORITY OF STATES.

### **3. Are there federal matching requirements? If yes, please explain.**

Approximately 82% of federal grant program funds received require a 15% match of state funds. Approximately 18% of federal grant program funds received require a 50% match of state funds.

### **4. Is this a federally mandated program? If yes, please explain.**

No, however, if Missouri lost program primacy, the federal government (through the Environmental Protection Agency) would pursue program management.

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Pesticide Control

Program is found in the following core budget(s): Plant Industries

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Number of licensed applicators and dealers.

**7d. Provide a customer satisfaction measure, if available.**

Not available.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Plant Pest Control

**Program is found in the following core budget(s):** Plant Industries

### 1. What does this program do?

The Plant Pest Control Bureau works to: 1) to prevent the introduction and spread of harmful plant pests within the state of Missouri and to areas outside our borders; 2) provides plant regulatory services (i.e., inspections, certifications, etc.) necessary for the movement of agricultural products in national and international markets; and 3) provides consumer/industry protection and education in areas of pest prevention and control. These goals are met through the annual inspection of all nursery stock grown in the state, inspection of some stock entering the state from outside sources, significant exotic pest survey activities, and export certification as requested and needed. Nursery stock is a major pathway for exotic pests to gain entrance to our state (gypsy moth, emerald ash borer, sudden oak death, Ralstonia solanacearum R3B2, 1000 Cankers Disease of Walnut). Once here, these pests cause millions of dollars of damage, not only to nursery/landscape plants but also to agronomic and horticultural food/feed crops, forest industry products and our native forest habitats. Early detection and management is a primary goal of this program.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Missouri Plant Law, Sections 263.010 to 263.180, RSMo 2000. The Missouri Apiculture Law, Sections 264.011 to 264.101, RSMo 2000.

### 3. Are there federal matching requirements? If yes, please explain.

No.

### 4. Is this a federally mandated program? If yes, please explain.

No.

### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

### 6. What are the sources of the "Other " funds?

Not applicable

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Consumers demand quality and assume "freshness" means safety and security. The move to buying more local, healthy foods means consumers are searching for opportunities to buy direct from farmers, shop at establishments that distribute local farm products, and dine at restaurants serving fresh, healthy products. This request establishes a Certified Missouri Local Foods Program that will operate in conjunction with AgriMissouri to certify that products are either Missouri Grown or Missouri Made and are produced using safe and healthy handling practices.

The consumer demand for fresh, local farm products is high across Missouri. In fact, the number of farmers' markets has grown significantly over the last several years, increasing from 53 markets in 1997 to more than 165 Missouri markets in 2009. However, consumers have no way of ensuring the products they purchase at farmers' markets are produced in Missouri or utilize safe and healthy handling practices. The Local Foods initiative will help ensure consumers are getting what they are paying for -- fresh, locally grown foods that are produced using safe and healthy practices.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

In order to meet the increased consumer demand for local Missouri foods (farmers' markets, specialty crops, livestock, dairy and agritourism) ABD is requesting one Marketing Specialist and one Public Information Coordinator to support farmers that sell produce through direct marketing or at any Missouri farmers' market. In addition, the request provides \$150,000 for contract certifications to ensure consumers shopping at farmers' markets are purchasing local Missouri products, \$150,000 for urban community garden demonstration projects, \$150,000 for local foods/farmers' market grant initiatives, and \$48,400 for youth and training initiatives. **Total Ag Business Development Request = \$601,747 (2.03 FTE)**

The request also provides the Plant Industries Division with two inspectors to ensure that local food program participants are utilizing Good Agriculture Practices (GAP) and Good Handling Practices (GHP) needed for food safety and growth in local food networks. Increasingly, buyers of Missouri produce are requiring GAP and GHP certification from Missouri producers (e.g. Sysco Corporation). The inspectors will implement the GAP and GHP program statewide in conjunction with the current feed and seed inspection program. **Total Plant Industries Request = \$118,902 (2.00 FTE)**

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

Capture the added value from Missouri grown and raised products and provide niche marketing businesses the opportunity to expand their market through the Missouri Local Foods Program. Educate Missourians on the Certified Farmers' Market Program through promotional materials and partnership with the Missouri Farmers' Market Association on the quality and value placed on local Missouri grown products and the importance of the specialty crop industry to the state's economy. Provide Missouri consumers with the opportunity to purchase fresh produce which has been certified as being grown and harvested using food safety practices. Provide Missouri farmers the opportunity to reach expanding markets with their fresh produce being certified under food safe agricultural and handling practices.

Emerald ash borer (EAB) is an exotic, non-native insect that attacks and kills ash trees. Missouri's only known infestation is in a southeastern recreation area (Wappapello Lake) on federal land (Army Corps of Engineers). The forest composition (limited ash surrounding a riparian corridor with a significant amount of ash trees) makes this a good site to implement the US Forest Service's Slowing Ash Mortality protocols, a strategy designed to limit the expansion of an existing infestation. The USDA/Forest Service and USDA/APHIS/Plant Protection and Quarantine have funded a multi-year project to be administered by MDA in cooperation with MDC. The project will determine the boundaries of the infestation, conduct an inventory of the ash resource, monitor the infestation, and reduce the spread. New infestations will be prevented and controlled through an informed public and arborists (tree care workers) that assist in the detection of new populations.

<p>The request is based on similar projects and activities in states that are also infested with emerald ash borer, and on the funds made available by U.S. Forest Service and USDA-APHIS-Plant Protection and Quarantine to carry out these emerald ash borer management and outreach projects in Missouri. Outreach will be accomplished through a full-time, benefitted (1 FTE) outreach coordinator funded by a USDA-APHIS-Plant Protection and Quarantine grant who will arrange stakeholder group education meetings and outreach materials such as brochures, magazine and other print media advertisements, billboards, radio and television PSA's.</p>

<b>Agriculture</b> <b>Plant Industries</b> <b>Emerald Ash Borer</b>	<b>Budget Unit</b> _____
---	--------------------------

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

Data will be collected for use by Michigan State University, also doing a similar project, to evaluate if population spread of the borer is slowing. Data will also track location of detection trees and progress in their monitoring. The multiagency Missouri emerald ash borer communications team and technical team will frequently evaluate and provide direction to program coordinator of outreach activities to ensure that goals of the cooperative agreement are being met.

## 2. CORE DESCRIPTION

The primary purpose of the Gypsy Moth Program is to prevent or delay the establishment of gypsy moth in Missouri. Establishment of the this insect would be devastating to Missouri's \$5 billion forest products industry, \$250 million nursery and landscape industry and would have a severe impact on the tourism industry and our native forest habitats. Of Missouri's 14.6 million acres of forest land, 12.5 million acres is oak, the gypsy moth's preferred host and the primary component of our forest products industry. Prevention is accomplished through a comprehensive, cooperative annual survey. Because of early detection efforts, gypsy moth has previously been found and eradicated from Missouri, but the effort must be ongoing. The program is directed by the State Entomologist (Program Administrator) and the Forest Resources Program Coordinator and operates within the Bureau of Plant Pest Control.

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER: 35720C</b>  <b>BUDGET UNIT NAME: Gypsy Moth</b>	<b>DEPARTMENT: Agriculture</b>  <b>DIVISION: Plant Industries</b>
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>	
<b>DEPARTMENT REQUEST</b>	
We are requesting 50% flexibility in the Gypsy Moth GR, Federal Funds, and Other Funds Personal Service and/or Expense and Equipment appropriation. This flexibility is needed to maximize the effectiveness and efficiency of available financial resources and to meet the department's statutory responsibilities.	
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>	
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
None	The Gypsy Moth program believes that it may need to flex up to 50% of its Personal Services and/or Expense and Equipment appropriation from Federal Funds and Other Funds.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>	
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>
Not applicable	The requested flexibility will be used to try and maintain part-time gypsy moth survey employees at levels needed to prevent a gypsy moth infestation.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Gypsy Moth**

**Program is found in the following core budget(s): Gypsy Moth**

	Plant Pest Control	Gypsy Moth	TOTAL
GR	459,283	0	459,283
FEDERAL	0	101,644	101,644
OTHER	0	0	0
<b>TOTAL</b>	<b>459,283</b>	<b>101,644</b>	<b>560,927</b>

**1. What does this program do?**

The primary purpose of the Gypsy Moth Program is to prevent or delay the establishment of gypsy moth in Missouri. Establishment of the this insect would be devastating to Missouri's \$5 billion forest products industry, \$250 million nursery and landscape industry and would have a severe impact on the tourism industry and our native forest habitats. Of Missouri's 14.6 million acres of forest land, 12.5 million acres is oak, the gypsy moth's preferred host and the primary component of our forest products industry. Prevention is accomplished through a comprehensive, cooperative annual survey. Because of early detection efforts, gypsy moth has previously been found and eradicated from Missouri, but the effort must be ongoing. The program is directed by the State Entomologist (Program Administrator) and the Forest Resources Program Coordinator and operates within the Bureau of Plant Pest Control.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The Missouri Plant Law, Sections 263.010 to 263.180, RSMo 2000.

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Gypsy Moth

Program is found in the following core budget(s): Gypsy Moth

6. What are the sources of the "Other " funds?

Not applicable

7a. Provide an effectiveness measure.

Average number of gypsy moths/trap/county (Combined, positive counties only)

7b. Provide an efficiency measure.

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Gypsy Moth

Program is found in the following core budget(s): Gypsy Moth

7c. Provide the number of clients/individuals served, if applicable.

Number of Counties Included in Statewide Annual Survey

7d. Provide a customer satisfaction measure, if available.

## **2. CORE DESCRIPTION**

Boll weevil infestations in Missouri cost cotton growers over eight million dollars in lost yield in addition to treatment costs. The Boll Weevil Eradication Program is a national effort to eradicate boll weevil from the United States. The program was voted in by referendum in 2000, was implemented in 2001, and will continue in the eradication phase until the end of calendar year 2007. Missouri cotton growers elected to participate in a post-eradication program which began in calendar year 2008 and will be in effect until 2018.

## 2. CORE DESCRIPTION

The Weights and Measures Division encourages economic and agricultural growth while protecting the public through regular inspection and surveillance programs. The division is charged with the responsibility of assuring that commercial weighing and measuring devices are accurate, appropriate for their intended use, and installed and maintained properly by their owner or user. The division provides surveillance of weighing and measuring practices to prevent unfair or deceptive dealing by weight or measure in any commodity or service advertised, sold or purchased in the state. Precision calibration and metrology certification services are provided to users of physical standards and weighing and measuring equipment. Motor fuels are tested to insure they meet advertised grade and octane specifications. Premises utilized for the sale of fuels are inspected to assure the public is safe from fire and explosion.

## 3. PROGRAM LISTING (list programs included in this core funding)

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 35801C  <b>BUDGET UNIT NAME:</b> Weights & Measures	<b>DEPARTMENT:</b> Agriculture  <b>DIVISION:</b> Weights & Measures	
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>		
<b>DEPARTMENT REQUEST</b>		
We are requesting flexibility in the Weights and Measures' General Revenue (GR) Personal Service and/or Expense and Equipment appropriation, provided that not more than twenty percent (25%) flexibility is allowed between each of these appropriations. This flexibility is needed to maximize the efficiency of available financial resources and to meet the department's statutory responsibilities.		
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>		
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>	<b>BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
\$11,597 GR	The Weights and Measures division believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation.	The Weights and Measures division believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>		
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>	
Flexed from PS to EE to cover field inspection expenses.	The requested flexibility will most likely be used for essential Expense and Equipment expenditures (e.g. maintenance, repair, or replacement of equipment; supply purchases; etc.) that would impair the department's operation if not made.

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Device and Commodity Inspection Program - Large Scale Inspection**

**Program is found in the following core budget(s): Weights and Measures**

**1. What does this program do?**

The Large Scale Inspection Program insures the accuracy and correctness of commercial weighing and measuring devices over 1,000 lb. These types of devices are typically found at grain elevators, rock quarries, fertilizer plants, livestock auctions, landfills, recycling centers, fescue seed buying stations, etc. The Large Scale program consists of 6 inspectors who must hold a valid CDL license to operate a large scale inspection truck. These trucks carry 22,000 lbs of calibrated test weights to perform the required inspections. This program generated \$113606 in FY 2009. The monies generated from this program are deposited in the General Revenue Fund.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State Statute - RSMo Chapter 413

**3. Are there federal matching requirements? If yes, please explain.**

NO

**4. Is this a federally mandated program? If yes, please explain.**

NO

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Not applicable

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Device and Commodity Inspection Program - Large Scale Inspection

**Program is found in the following core budget(s):** Weights and Measures

### 7a. Provide an effectiveness measure.

What percentage of commercial devices were inspected?

The inspection staff currently consists of 6 inspectors.

What was to compliance rate for those devices inspected?

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Device and Commodity Inspection Program - Large Scale Inspection**

**Program is found in the following core budget(s): Weights and Measures**

**7b. Provide an efficiency measure.**

Number of inspections per employee

\*\*FY 08 costs include \$286,560 appropriated for the purchase of 2 replacement large scale trucks

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Device and Commodity Inspection Program - Large Scale Inspection

Program is found in the following core budget(s): Weights and Measures

7c. Provide the number of clients/individuals served, if applicable.

Number of businesses with large capacity scales.

7d. Provide a customer satisfaction measure, if available.

Not available

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program Name: Device & Commodity Inspection - Small Scale, Egg & Milk**

**Program is found in the following core budget(s): Weights & Measures**

**1. What does this program do?**

The Small Scale Inspection Program insures the accuracy and correctness of commercial weighing and measuring devices under 1,000 lbs. These types of devices are typically found at grocery stores, delicatessens, convenience stores, laundromats, hardware stores, lawn and garden centers, farmers markets, etc. Inspectors monitor the accuracy of scanning and point of sale systems, the sale of prepackaged merchandise to insure compliance with package and labeling requirements and net contents statement. This program insures that milk products are not sold below cost and that eggs offered for sale for consumer consumption meet USDA grade standards. This program also enforces country of origin labeling of fresh meat sold at retail level. The program generated \$280,103 in FY 2009. Monies generated from this program are deposited in the General Revenue Fund.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State Statute - RSMo. Chapter 413, 416, 196, 265

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Not applicable.

## PROGRAM DESCRIPTION

Department: Agriculture

Program Name: Device & Commodity Inspection - Small Scale, Egg & Milk

Program is found in the following core budget(s): Weights & Measures

### 7a. Provide an effectiveness measure.

What percentage of commercial devices were inspected?

What was the compliance rate for devices inspected?

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Device & Commodity Inspection - Small Scale, Egg & Milk

**Program is found in the following core budget(s):** Weights & Measures

### 7b. Provide an efficiency measure.

Average cost per inspection. Total inspections include device, egg, milk, price verification, country of origin, and package inspections.

### 7c. Provide the number of clients/individuals served, if applicable.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program Name:** Device & Commodity Inspection - Small Scale, Egg & Milk

**Program is found in the following core budget(s):** Weights & Measures

**7d. Provide a customer satisfaction measure, if available.**

N/A

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** Fuel Quality

**Program is found in the following core budget(s):** Weights and Measures

**1. What does this program do?**

The Fuel Quality Program is responsible for assuring that all motor fuels and other fuels meet minimum quality specifications. Through a vigorous program of inspection, sampling, testing, and enforcement, the program protects Missouri consumers and sellers of petroleum fuels and products. The program also includes testing of alternative fuels such as E85 Fuel Ethanol and Biodiesel blends to ensure the quality and consumer acceptance of these fuels. Missouri drivers spend approximately one and one half cents for every 100 gallons to fund the program and insure fuel quality in the state. This program is the only one in the United States that tests petroleum products with a processing time for most samples of less than 24 hours. This ensures that fuel not meeting specifications is corrected or removed before it is sold, protecting Missouri's consumers. Benefits of the program are twofold: First, economic benefits are derived from consumers receiving quality products and services in the areas of fuel quality, vehicle efficiency and vehicle maintenance. Second, by monitoring compliance with the air pollution control program and fuel quality specifications, the program promotes better air quality and more efficient fuel use.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

RSMo Chapter 414.012 -414.152

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Petroleum Inspection Fees (0662)

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Fuel Quality

Program is found in the following core budget(s): Weights and Measures

### 7a. Provide an effectiveness measure.

### 7b. Provide an efficiency measure.

### 7c. Provide the number of clients/individuals served, if applicable.

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Fuel Quality

Program is found in the following core budget(s): Weights and Measures

7d. Provide a customer satisfaction measure, if available.

N/A

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** Grain Moisture Meter Inspection

**Program is found in the following core budget(s):** Weights and Measures

**1. What does this program do?**

The Grain Moisture Meter Program assures the accuracy of commercial grain moisture-measuring devices used to buy or sell grain commodities in the state. The Missouri Agricultural Statistical Services estimated the value of grains produced in Missouri to be over \$3.9 billion dollars. Grain moisture-measuring devices are instrumental in determining the price of grain sold in Missouri. Each January, this program registers commercial moisture-measuring devices used in the state. These devices are tested annually utilizing grain samples prepared using a USDA/GIPSA-approved method for determining moisture content. Grain test scales, weight per bushel apparatus, thermometers and calibration charts associated with the moisture meters are also examined during the inspection process.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapter 413.015.(1), 413.065.(7) RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

N/A

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Grain Moisture Meter Inspection**

**Program is found in the following core budget(s): Weights and Measures**

**7a. Provide an effectiveness measure.**

Testing of commercial moisture meters give the producer and the elevator or grain dealer the assurance of equality in the transaction. Accuracy in moisture is one of the grain grading constituents that has the greatest effect on the price of the commodity.

**7b. Provide an efficiency measure.**

The moisture meter inspection program lost one of its two field inspector positions in a fiscal year 2004 core budget reduction. Effective part-time use of a retired inspector enables the program to meet its statutory mandates to inspect all commercial moisture meters once each year. (Meters are tested on calendar year basis which may not be reflected evenly on FY basis. 99+% registered meters are tested annually.)

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Grain Moisture Meter Inspection**

**Program is found in the following core budget(s): Weights and Measures**

**7c. Provide the number of clients/individuals served, if applicable.**

The Grain Moisture Meter Program has direct contact with 404 grain buying locations but accuracy of the meters has a indirect affect on every farmer/producer in the state that sells grain.

**7d. Provide a customer satisfaction measure, if available.**

Not available

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** Metrology Laboratory

**Program is found in the following core budget(s):** Weights and Measures

### 1. What does this program do?

The Metrology Laboratory is the keeper of the State Standards of mass, length, and volume. These precision standards are a link in the chain of traceability from the United States Standards at the National Institute of Standards and Technology (NIST) and the commerce of each weighed or measured commodity bought or sold here in Missouri. The laboratory provides calibrations for the Weights and Measures Division's test equipment used on all device testing in the state and the scale and pump/meter sales and service agencies that install and service those devices. The Laboratory also provides that calibration service to any private manufacturing company in the state that have need of certified standards in their quality control plan. The Metrology laboratory is recognized as a participant in the National Measurement System which insures high quality calibrations with traceability.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 413.015.(3) and 413.045 RSMo.

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

### 6. What are the sources of the "Other " funds?

N/A

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** Metrology Laboratory

**Program is found in the following core budget(s):** Weights and Measures

**7a. Provide an effectiveness measure.**

Of all the calibrations completed by the program over the last several years, not one has been recalled for errors of results.

### RECALLS DUE TO INACCURATE CALIBRATIONS

FY 2007 Actual	FY 2008 Actual	FY 2009 Actual	FY 2010 Projected	FY 2011 Projected	FY 2012 Projected
0	0	0	0	0	0

**7b. Provide an efficiency measure.**

The Metrology Laboratory certifies some 6000 pieces of equipment annually with two people doing the work. This ranks the Missouri laboratory in the upper one half of all state laboratories based on workload surveys conducted by the NIST state laboratory programs manager. Year to year fluctuation of quantity in pieces of weights calibrated are due to the two year expiration on industry equipment.

**7c. Provide the number of clients/individuals served, if applicable.**

The total client list is 319 Missouri companies and/or individuals and 130 out state customers that have calibrations of one type or other done.

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Metrology Laboratory

Program is found in the following core budget(s): Weights and Measures

7d. Provide a customer satisfaction measure, if available.

Not available

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** Petroleum Device and Safety Inspection

**Program is found in the following core budget(s):** Weights and Measures

**1. What does this program do?**

The Petroleum Device and Safety Inspection Program provides a variety of services that ensure consumer protection and public safety. Under this program, petroleum and propane fuel dispensers located at service stations, marinas, airports, bulk plants, pipeline and barge terminals and other retail/wholesale locations are inspected and tested for accuracy. This also includes propane/petroleum fuel delivery truck meters. To protect the public from fire, explosion and injury, safety inspections are performed at service stations, marinas, airports, terminals and bulk storage plants. Safety inspections also include fuel delivery trucks and aboveground petroleum fuel storage tanks. In addition, this program has an emergency response team that responds to emergencies involving petroleum, propane and anhydrous ammonia products. This program not only accentuates public safety and assists other public safety officials, but also identifies the causes of accidents.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State Statute: RSMo. -Chapter 414 and RSMo. Chapter 323

**3. Are there federal matching requirements? If yes, please explain.**

NO

**4. Is this a federally mandated program? If yes, please explain.**

NO

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Petroleum Inspection Fee Fund

## **2. CORE DESCRIPTION**

The Missouri State Fair provides an opportunity to communicate the story of Missouri's agriculture in ways that appeal to the state's citizens. This event improves the public's understanding of and appreciation of the role of agriculture. The Missouri State Fair is to showcase and inspire the best in Missouri agriculture, agri-business, domestic arts, and fine arts through competition and educational experiences and to offer quality entertainment. Missouri's agri-businesses add over \$17.5 billion to the state's economy. A prosperous agricultural economy is critical to the overall health of the state's economy. The Missouri State Fairgrounds provide space and facilities for the display of livestock, agricultural products, commercial exhibits, and other agricultural and industrial displays. The 396 acres contain a total of 105 buildings and 20 structures. In addition to their use during the annual State Fair, the fairgrounds host other types of exhibits, entertainment and sales events throughout the year, including livestock shows, group meetings, private functions and camper rallies.

## **3. PROGRAM LISTING (list programs included in this core funding)**

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Missouri State Fair

Program is found in the following core budget(s): Missouri State Fair

	State Fair	Equipment Replacement	TOTAL
GR	567,580	0	567,580
FEDERAL	0	0	0
OTHER	4,182,474	166,062	4,348,536
TOTAL	4,750,054	166,062	4,916,116

### 1. What does this program do?

The Missouri State Fair is to showcase and inspire the best in Missouri agriculture, agri-business, domestic arts, and fine arts through competition and educational experiences and to offer quality entertainment. Since the first Missouri State Fair was held in 1901, the event has been a showcase for agriculture. During the past 107 years, however, the state's population has become less familiar with production agriculture as more and more people have moved to urban and suburban areas. The Missouri State Fair blends agriculture, education, good value, and top-name concerts in a unique combination. The fair offers wholesome family entertainment at an affordable price. The Missouri State Fairgrounds provide space and facilities for the display of livestock, agricultural products, commercial exhibits, and other agricultural and industrial displays. The 396 acres contain a total of 105 buildings. In addition to their use during the annual State Fair, the fairgrounds host other types of exhibits, entertainment and sales events throughout the year, including livestock shows, group meetings, private functions and camper rallies.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

413.015, 414.032, 414.052, 414.072, 414.073, 416.415, 323.020, 266.355, 265.289, 265.497, 196.313, RSMo(2000)

### 3. Are there federal matching requirements? If yes, please explain.

No

### 4. Is this a federally mandated program? If yes, please explain.

No

### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Missouri State Fair

Program is found in the following core budget(s): Missouri State Fair

### 6. What are the sources of the "Other " funds?

State Fair Fees (0410); State Fair Trust (0951)

### 7a. Provide an effectiveness measure.

#### Agricultural Exhibits

Number of off-season event days and revenue from off-season events.

#### Revenue from Off-Season Events

## PROGRAM DESCRIPTION

Department: Agriculture

Program: Missouri State Fair

Program is found in the following core budget(s): Missouri State Fair

7b. Provide an efficiency measure.

7c. Provide the number of clients/individuals served, if applicable.

PROGRAM DESCRIPTION

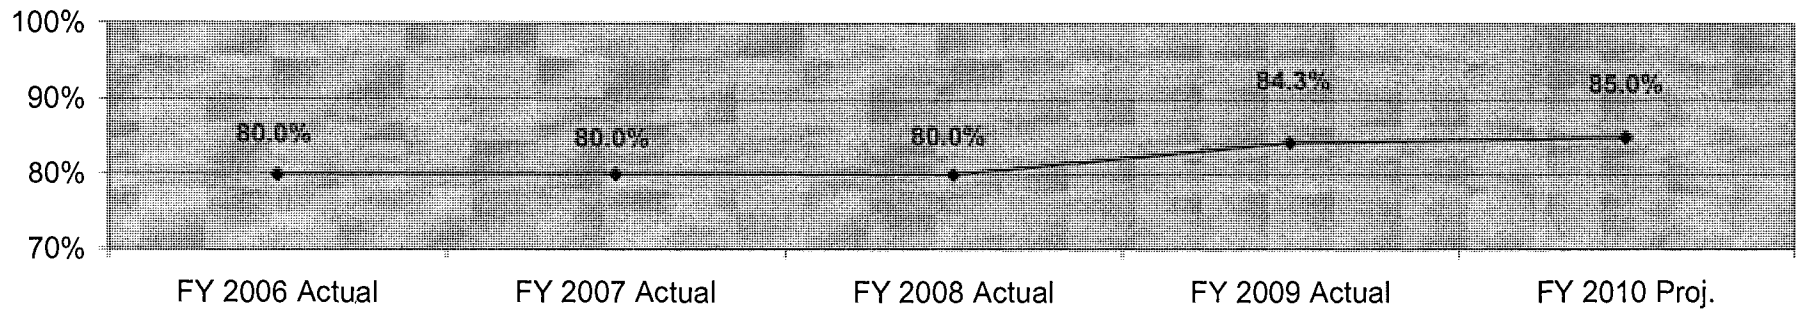

Department: Agriculture

Program: Missouri State Fair

Program is found in the following core budget(s): Missouri State Fair

7d. Provide a customer satisfaction measure, if available.

Percent of fair attendees who rate the fair as a good to excellent value

Percentage of fairgoers who say they are likely to return next year

## 2. CORE DESCRIPTION

This request provides funding for the replacement of existing equipment and the addition of needed equipment. The equipment is required to service and maintain the grounds and facilities.

The Missouri State Fair is host to many events throughout the year. These events require additional inputs of labor and equipment. Whether it is moving dirt into or out of the Mathewson Exhibition Center, grading and watering the half-mile track or mowing the grass in preparation for a camper rally, picnic, car show or other revenue-producing event. By providing continued service and maintaining an attractive grounds, our off-season revenue and attendance should continue to increase. If the grounds become unpleasant or we fail to satisfy our customers, off-season and fair attendance and the resulting revenue will fall.

## 3. PROGRAM LISTING (list programs included in this core funding)

State Fair Equipment Replacement

**CORE DECISION ITEM**

**Department:** Agriculture

## PROGRAM DESCRIPTION

**Department: Agriculture**  
**Program: State Fair Equipment Replacement**  
**Program is found in the following core budget(s): State Fair Equipment Replacement**

	State Fair	Equipment Replacement	TOTAL
GR	567,580	0	567,580
FEDERAL	0	0	0
OTHER	4,182,474	166,062	4,348,536
TOTAL	4,750,054	166,062	4,916,116

**1. What does this program do?**

Provides funding for the replacement of existing equipment and addition of needed equipment. The equipment is required to service and maintain the grounds and facilities. The Missouri State Fair is host to many events throughout the year. These events require additional inputs of labor and equipment. Whether it is moving dirt into or out of the Mathewson Exhibition Center, grading and watering the half-mile track or mowing the grass in preparation for a camper rally, picnic, car show or other revenue-producing event. By providing continued service and maintaining an attractive grounds, our off-season revenue and attendance should continue to increase. If the grounds become unpleasant or we fail to satisfy our customers, off-season and fair attendance and the resulting revenue will fall.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapters 413.015, 414.032, 414.052, 414.072, 416.415, 323.020, 266.355, 265.289, 265.497, 196.313, RSMO(2000)

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** State Fair Equipment Replacement

**Program is found in the following core budget(s):** State Fair Equipment Replacement

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

State Fair Fee Funds

7a. Provide an effectiveness measure.

## PROGRAM DESCRIPTION

Department: Agriculture

Program: State Fair Equipment Replacement

Program is found in the following core budget(s): State Fair Equipment Replacement

7a. Provide an effectiveness measure (cont.)

7b. Provide an efficiency measure.

## PROGRAM DESCRIPTION

Department: Agriculture

Program: State Fair Equipment Replacement

Program is found in the following core budget(s): State Fair Equipment Replacement

7c. Provide the number of clients/individuals served, if applicable.

**Number in attendance at the Missouri State Fair**

7d. Provide a customer satisfaction measure, if available.

**Percent of fair attendees who rate the fair as a good to excellent value**

## PROGRAM DESCRIPTION

Department: Agriculture

Program: State Fair Equipment Replacement

Program is found in the following core budget(s): State Fair Equipment Replacement

7d. Provide a customer satisfaction measure, if available (cont.)

Percentage of fairgoers who say they are likely to return next year

### 2. CORE DESCRIPTION

Core funding is needed to ensure the safety of Missouri's milk products. State law requires the State Milk Board to inspect, sample, and test milk and its production and transportation modes for pathogens, toxins, inhibitors and adulterants and enforce standards insuring sanity and orderly production handling, and transportation of milk and milk products under the oversight of FDA and USDA.

### 3. PROGRAM LISTING (list programs included in this core funding)

Grade A Milk Inspection and Rating Program  
 Manufacturing Grade Milk Inspection Program

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 36101C  <b>BUDGET UNIT NAME:</b> State Milk Board	<b>DEPARTMENT:</b> Agriculture  <b>DIVISION:</b> State Milk Board	
<b>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</b>		
<b>DEPARTMENT REQUEST</b>		
We are requesting flexibility in the State Milk Board General Revenue (GR) Personal Service and/or Expense and Equipment appropriation, provided that not more than twenty percent-five (25%) flexibility is allowed between each of these appropriations. This flexibility is needed to maximize the efficiency of available financial resources and to meet the department's statutory responsibilities.		
<b>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</b>		
<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>	<b>BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
None	The State Milk Board believes that it may need to flex up to 25% of its GR Personal Services and/or Expense and Equipment appropriation.	The State Milk Board believes that it may need to flex up to 25% of its Personal Services and/or Expense and Equipment appropriation.
<b>3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?</b>		
<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>	
Not applicable	The requested flexibility will most likely be used for essential Expense and Equipment expenditures (e.g. maintenance, repair, or replacement of equipment; supply purchases; etc.) that would impair the department's operation if not made.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** Grade A Milk Inspection and Rating

**Program is found in the following core budget(s):** State Milk Board

**1. What does this program do?**

Inspects, tests and grades the production and processing facilities for Grade A milk and products utilizing federal guidelines that assures interstate access to markets outside Missouri. Food and Drug Administration oversight and guidelines assure free marketing of Missouri dairy farmers' raw milk for pasteurization as well as Grade A Missouri dairy processors' products. Consumer health is safeguarded by strict adherence to these same standards. Labeling, product quality and integrity are assured by SMB oversight of National Labeling act requirements. The State Milk Board is the administrator for inspection work as well as the milk inspection fee fund that pays for the program. The Grade A program also performs U.S. Food and Drug Administration ratings that evaluates dairy farms and processing plants as a way to further evaluate how state inspection staff has performed their duties.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The Fluid Milk Law is in sections 196.931 - 196.959 RSMo.

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

Yes. The U.S. Food and Drug Administration requires adherence to federal milk safety standards in order to gain access to out-of-state markets.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Milk Inspection Fees (0645)

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Grade A Milk Inspection and Rating**

**Program is found in the following core budget(s): State Milk Board**

**7a. Provide an effectiveness measure.**

No Missouri milk or milk product under State Milk Board (SMB) inspection has been linked to food borne illnesses since the board was formed in 1972.

**7b. Provide an efficiency measure.**

All milk and milk product processing plants are inspected at least one time each quarter; equipment tests are conducted and pasteurizers are time tested and equipment sealed by SMB staff each six months to ensure standards are met; dairy farms are inspected at least once each six months as mandated by FDA; samples from individual dairy farms are taken and tested on every load of milk taken from the farm; and all milk and milk processed products are tested each month. FDA oversight's Triennial Review for the period January 1, 2006 through December 31, 2008 found SMB Grade "A" National Conference on Interstate Milk Shipments Programs in substantial compliance with Federal milk regulatory programs.

**7c. Provide the number of clients/individuals served, if applicable.**

In addition to the public health and safety of Missouri milk consumers, both in-state and out-of-state, the program serves:

<u>Grade A Inspection</u>	<u>FY07</u>	<u>FY08</u>	<u>FY09</u>	<u>FY10 Est.</u>	<u>FY 11 Est.</u>	<u>FY 12 Est.</u>
Processing Plants	19	18	16	17	18	18

Processing Plant & Receiving Station Surveys	8	11	11	12	12	12
Single Service Container Plant Surveys	8	10	11	12	14	14

**7d. Provide a customer satisfaction measure, if available.**

SMB inspection services has ensured uninterrupted access to interstate markets for grade A Missouri milk producers and processors.

## PROGRAM DESCRIPTION

**Department:** Agriculture

**Program:** Manufacturing Grade Milk Inspection

**Program is found in the following core budget(s):** State Milk Board

**1. What does this program do?**

Inspects and tests Missouri manufacturing grade milk, milk processing plants and laboratories. Manufacturing grade dairy processing plants produce items such as cheese, butter, retorted drinks, and infant formulas for sale throughout the United States. Manufacturing dairy farms and manufacturing grade plants and laboratories must meet sanitation requirements set forth in Title 21 CFR. The State Milk Board (SMB) tests and licenses bulk milk haulers, samplers, testers and solicitors of manufacturing grade milk as well as perform sanitation inspection work and pasteurizer testing and sealing in the processing plants to ensure public health. Every milking is sampled and tested before milk is co-mingled and transported to manufacturing grade processing facilities. Inspected and licensed truck wash stations ensure transport clean and sanitary transport of farmer's without contamination.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The Missouri Dairy Law 196.520 - 196.614 RSMo requires SMB to administer this program utilizing Title 21 of the Code of Federal Regulations.

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No. However, Missouri's manufacturing dairy program is overseen by the U.S. Food and Drug Administration through partnerships and federal bio-security programs and inspection regulations follow USDA guidelines published in Milk for Manufacturing Purposes and Its Production and processing Recommended Requirements.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

Not applicable

## PROGRAM DESCRIPTION

**Department: Agriculture**

**Program: Manufacturing Grade Milk Inspection**

**Program is found in the following core budget(s): State Milk Board**

**7a. Provide an effectiveness measure.**

There have been no confirmed cases of food borne illness associated with consumption of manufactured dairy products from SMB licensed and permitted facilities

**7b. Provide an efficiency measure.**

SMB is responsible for inspecting 516 manufacturing grade farms, 38 receiving stations, 28 processing plants, and testing, timing, and sealing pasteurizing equipment in those processing plants under the general revenue funded program. As Missouri's wine industry grows the demand for Missouri artisan cheeses has also grown. New plant start up requires hours of SMB staff consultation, plan review, and federal code

**7c. Provide the number of clients/individuals served, if applicable.**

In addition to the public health and safety of Missouri milk consumers, both in-state and out-of-state, the program serves:

<u>Manufacturing Grade</u>	<u>FY07</u>	<u>FY08</u>	<u>FY09</u>	<u>FY10 Est.</u>	<u>FY 11 Est.</u>	<u>FY 12 Est.</u>
Processing Plants	24	26	22	24	24	28
Pasteurizers	20	21	12	24	25	25
Farms	414	450	516	530	550	560
Receiving Stations	33	34	38	38	38	39

**7d. Provide a customer satisfaction measure, if available.**

Not available.
